FADS “N” FASHIONS

The way a person dresses usually reflects their personality. Every year new styles, colors, and fads come in. The Rubik's Cube is one of the latest fads. In the area of shoes, there are a few new arrivals. Metallic gold shoes are seen, along with boat shoes, Vans, Pumps, and tennis shoes. A lot of assorted shoe laces were a really popular thing to wear. People wore pants ranging from baggies, to designer jeans, to knickers, and the most favorite of all were Levi's. The senior and junior guys were responsible for making army and camouflage clothes the "in" thing to wear. Every one went down to the army surplus stores and bought shirts, pants, and even boots. The preppie style had a lot of followers this year, or at least they were noticed this year. The preppies wore penny loafers, Ivy League button-down shirts, and skirts. The surfer style made waves this year too. The surfers wore Hawaiian shirts, Levi's and Vans. With all the different styles of clothing this year, it all goes to prove one thing: Kids love clothes, and they'll pay just about any price for them!

JOB

Jobs among high school teens this year are very common. They work for a variety of reasons: car, shoes, clothes, hobby, dates, and just to have spending money. A teen may choose a certain job because he or she may want to continue in that field for their career, but the majority work just to earn some money. The jobs the teens choose range from

SKILLS

fast food places like Mc Donalds, Burger King, or Wendy's to super markets such as Save Mart, Sierra Food Land, or Lucky's. They also work at clothing stores and shoes stores such as Flores Fashions, Fashion Footware, Bramers and Shoe Shak to sporting goods store like Pete's Sport Shop.

This year the Spirit Club has Mrs. Kato and Ms. Holmes for their advisors. The club was started last year by our school's Activities Director, Mr. Henderson. The club had more students last year, but still has a considerably large sum of seventy-five. The president of the club is Steve Gustaveson, the vice-president is Paul Marmalejo, the secretary is Miguel Magos, and the treasurer is Kathy Magos. The club meets once or twice a week to paint posters for both the football and basketball games. They have also sold Madera High Coyote shirts during Homecoming week to raise money. And they also help working in the concession stand during the football games.

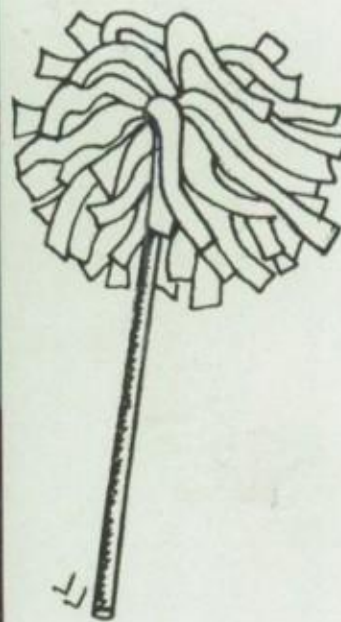

Spirit Club members are always so excited at the games.

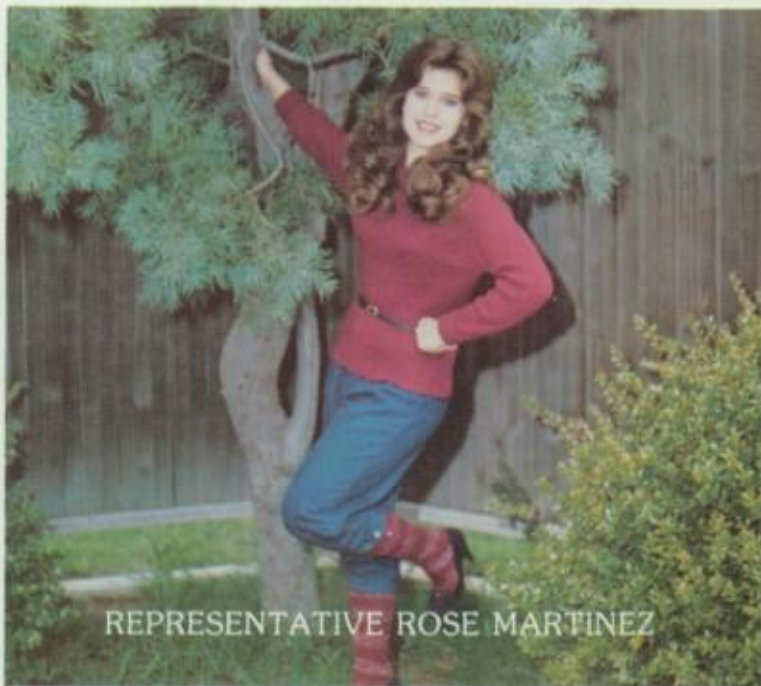

"Yuk!" says Shannon, "I might get my nails dirty."

Congratulations Cathy and Felipe! All this and no spills.

MADERA HIGH'S 1981-82 HI-DEBS

REPRESENTATIVE ROSE MARTINEZ

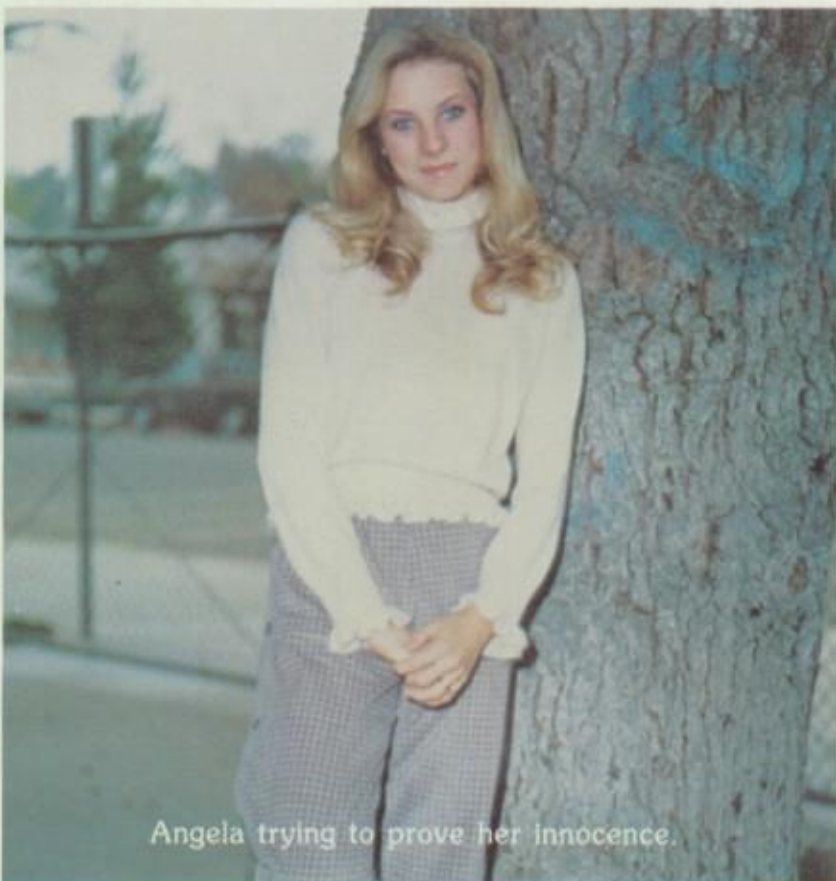

HI-DEBS is an organization that consists of 10 girls and one representative from each high school in Fresno and Madera counties. This year's rep is Rose Martinez.

The girls do modeling for fashion shows as was beautifully displayed at the Fresno Fair. They also do manequin modeling for Gottschalks which backs the organization. The girls also work closely with SEVENTEEN magazine.

Most of the girls who participate in HI-DEBS would like to be professional models someday. They feel that the experience gained during their high school years just gives them that much of an edge in a profession where many aspire to be glamorous models but few actually make the grade.

ACAPELLA

Acapella had another successful year. This was Mr. Lindstrom's third year with the group. The group consisted of fifty-six members. In order to be in the Acapella Choir you must try out. They sing a wide variety of music: Straight Acapella, Modern pieces, Christmas, and seventeenth and eighteenth century music. The group participates in two to three festivals a year. The choir has a newly formed group called Chamber Singers. This group is part of the choir but has only sixteen to eighteen members. These people are hand selected by Mr. Lindstrom. The choir is planning a three day tour in the spring somewhere in Northern California.

Future Farmers of America

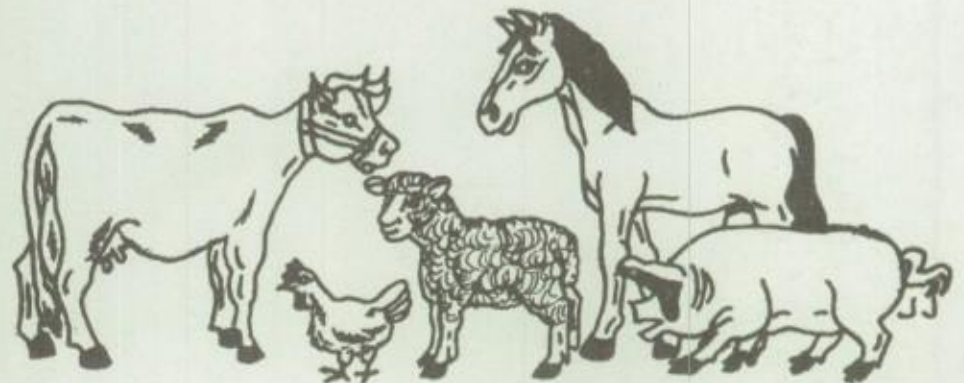

FFA had a very successful year. Their judging team for livestock was the state champions. The judging team placed eleventh in the nation, when they went to Kansas City, Missouri. The judging team consisted of Howard Lewis, Mitch Ylarregui, and Ken Tucker. Among one of the many individual achievements, Scott Jones was a National Gold Medalist Winner in Beef Cattle Showmanship. Out of the one-hundred and twenty-six members in F.F.A., there were ten different judging teams: (1) Livestock (2) Dairy Cattle (3) Land Judging (4) Small Engines (5) Poultry (6) Forestry (7) Horse Judging (8) Tree Pruning (9) Vine Pruning (10) Farm Power. There were too many achievements to list all of them, but the small engines and livestock judging team were the Champions of the State Finals. Their advisor, Mr. Labrucherie, says they were very successful.

With much to be proud of, the Judging Team that went to Kansas City, Missouri poses for a picture. Pictured are: Mitch Ylarregui, Ken Tucker, Howard Lewis, and Scott Jones.

“THE CREATORS”

Creating a yearbook is not an easy task and was no exception for this year's staff. The yearbook staff made a special effort to try and create a new style of yearbook this year. The staff consisted of nineteen people. Every year the staff is expected to produce a yearbook that is different and exciting. Working on the staff is hard work, especially trying to please everyone's taste. Each step involves making many decisions. The staff really tried to get away from the traditional yearbook, with all of the boring pictures. Their main goal is to try and capture the spirit of that school year. They do their best to picture as many school activities and functions as possible, although there will be some activities they will just not be able to put in. The work of a staff person involves meeting many deadlines. There are times when they are so rushed that they work evenings. Hopefully this year's staff succeeded in pleasing you. The staff owes a lot to Mr. Ken Montgomery, the advisor, and to Kim Niino, the editor. In creating this special yearbook we put credit where it's due to Jenell Jones. Jenell designed the entire yearbook cover, end sheets and division pages. Thanks Jenell from the entire staff.

STAFF

New MADERAN staff members added during the second semester were: David Peabody, Bill Koretoff, Ken Tyndal, Dawn Swinton. Back row; Keith Cappelluti, and Barbie Mulcahy. Not pictured are Tressa Shepard and Regina Pierce.

This year's MADERAN had a completely new look, as the Madera Home Advertiser took over the printing from the Chowchilla News. Along with over 2,000 school copies, the Advertiser sent out copies to the public in their paper.

Joanne Gekko served as Editor of the paper, and Geoff Rau handled the duties of Sports Editor. Charles Kinney, Bret Ellsworth, Gaile Gong, Tina Gomez-Vidal, and Paul Marmolejo were the reporters for this year's Maderan. Monica Melendez served as Ads Person, while Karen Rodriguez handled the typing chores. Photographers Mark Pyle and Randy Kansaki added zest to this year's paper with outstanding pictures.

Nine members of Mr. Montgomery's beginning Journalism class joined the staff at semester, making it the biggest staff in the last few years.

This year's hottest news items were the MHS Drug Bust, a second straight trip to the Valley Championships for the football team, and the Volleyball team's loss in the opening round of the playoffs.

HOLLYWOOD HERE WE COME!!!!!!!

"Ah-so!"

The spirit here at Madera High comes from the pep groups who participate at all the games and rallies. Their helpful advisors are Mrs. Williamson and Miss Selepic. At cheer camp the Varsity cheer, as well as the JV cheer, received trophies for their superior performances. The Mascots brought home a spirit stick and the pep girls came home with a first place trophy from their competition performance. During the week of camp the groups as a whole earned a spirit stick for their spirit and unity. Being a cheerleader isn't an easy job. There's a lot of work and memorization that goes with it. Every week they have to perform at rallies and games to add support to the school and community.

"What do you mean a runner in my nylons?" exclaims Lori.

The auxiliary groups of 1981-82 have placed in many band reviews and competitions. The Letter-girls and Majorettes not only perform in parades and at football and basketball games, but they also cheer at wrestling matches. The Madera High Wrestling team and coaches haven't been able to have received such a privilege and the girls are very much appreciated. Mrs. Williamson and Miss Selepic are the groups advisors. The auxilliary groups have a competition January 30, 1982 in Clovis and will probably compete in other competitions during the remainder of the school year.

H O M E C O M I N G

One of the most exciting weeks in the school year is Homecoming Week. This year's theme was, "Knight Stalking in Coyote Land". The week was one in which almost everyone was in good spirits. There was a dress theme for each day of the week. On Monday it was Hawaiian, Tuesday Slob, Wednesday Military, Thursday Western, and Friday Blue and White. On Wednesday there was a food sale during lunch, and many clubs and classes sold food. Each class made a float that went to this year's theme. The sophomore class was awarded first place for their float. Every year the students select four girls and four guys who they feel deserve to be King and Queen. To qualify they must be seniors, and the guy must not play football. The candidates participated in various activities throughout the week. There was a hair sculpture contest, an obstacle course, pie eating contest, and a dress the pig contest. On Friday school lets out at noon and everyone goes downtown for the Homecoming Parade and rally at the Courthouse. The whole town participates in this event. Finally, Friday evening arrives and the Madera High Football Team played Bullard High School. Unfortunately, they lost. The game was highlighted with the crowning of the King and Queen. This year's King and Queen were Rose Martinez and Mark Gustin.

Block M is a club for athletes who have earned a Varsity letter in any sport. Miss Avila is the advisor for Girl's Block M and Mr. Virden is the advisor for Boy's Block M. They are two different clubs, although they do some things together. Girl's Block M's main goal is to raise money for scholarships. One of their major money making projects is the selling of flowers at Homecoming. They also sell ribbons at the home football games. The club is also in charge of the Christmas Ball. The theme for this year's Christmas Ball was, "A Coyote Christmas". They had a bigger turnout than they have had in the last few years. The two clubs plan to go on a field trip at the end of the year. Right now they are still undecided as to where it will be. Most of the work for the club is done through the officers pictured below, along with Miss Avila.

BAND

IN

ACTION

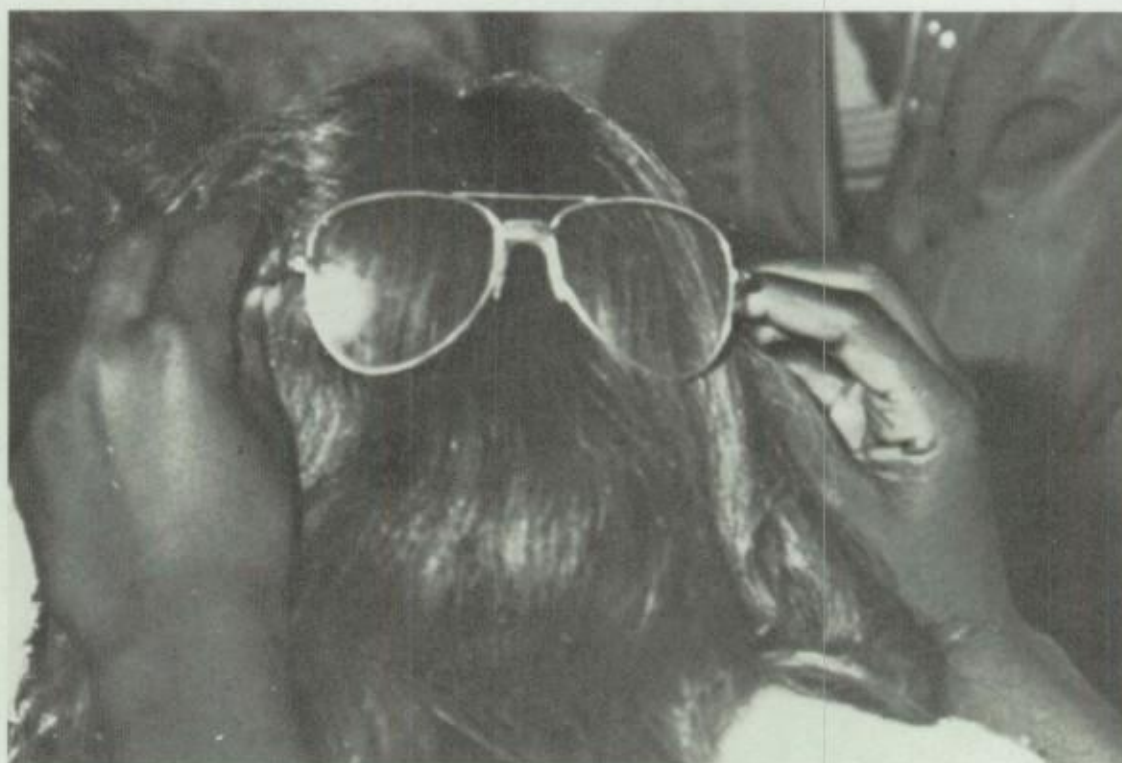

This year was very successful for the Madera High Band. They participated in many band reviews. The year started off at Cupertino in which Ernie Flores placed second as drum major. At the Westside Band Review the band placed second for both marching and field competition. After that came the University of Pacific with the band taking first place. Next came Lodi in which the band placed second in field competition. And finally at Chico with the drum major, solo majorette Rhonda Buckley, the lettergirls, percussion, and the rifles all placed first.

Practicing for parades, half-time shows, and field competition is not an easy job but under the instruction of Ty West and Dan Lindstrom they made it through the year with flying colors.

This year's band officers are: President, Michelle Montanari; Vice-President, Myra Burch; Secretary and Treasurer, Sandy Beach; Publicity, Jerry Martinez. This year's representatives are: Senior, Matt Guest; Junior, Ron Horn; Sophomore, Brett Cappelluti; and Freshman, John Dilbeck.

Model U.N.

Model United Nations, M.U.N. for short, is a forensics club. The club normally attends three or four conferences a year. The conferences are held in San Jose, Fresno, Bakersfield, Berkeley, and Visalia. The conferences are a mock United Nations session. Members, who represent various nations, debate and participate in political and economic arguments according to their country's viewpoint. This year the club got off to a good start in San Jose, where they took an overall second place. Members realize they have to succeed, or they'll be shipped to the Biola Rehabilitation Camp for a complete attitude change and social readjustment. The advisor for the club is Mr. Zupanovich.

Mexican-American Club

The purpose of the Mexican-American Club is to develop a positive self-image and to try and encourage extra-curricular activities within the school. Mr. Pajarillo and Ms. Olmos are co-sponsors for the group. Not only does the club try to develop a positive self-image, but to have a better understanding of one's self through better understanding of the Mexican-American culture. The club also tries to encourage the members to continue into a higher education. The club has approximately seventy members. Their various activities include fundraisers, like candy sales, food sales, car washes, and after game dances. Around January, members of the club attend a Chicano Youth Conference at Fresno State University. Towards the end of the school year, the club plans to go on an Educational Field Trip.

Mr. Pajarillo and Ms. Olmos are the co-advisors for the club.

F.B.L.A.

Future Business Leaders of America (FBLA) is a club that helps students to become better business people and to learn better business tactics. The club has about thirty members this year. The club attends a competition at Fresno City College where they compete in such subjects as Public Speaking, Accounting, Computers, General Math, and a variety of others. If a person wins the competition there, they go on to the State Championships at San Jose State. It is a three day conference and members say it is really a fun event. The club sold candy and other fundraisers for scholarships and field trips. The Officers for FBLA are: President David Browning, Vice President Mary Escobedo, Secretary Kim Harrell, Treasurer, Joann Gekko, and Rep. Chris Stewart.

COMPUTER CLUB

The Computer Club was formed so that its members could appreciate and understand the computer more. Every week there is a meeting whereby Mr. Portugal shows new ways to use the computer.

As of yet the Computer Club hasn't had many activities, since it was formed this year. But one activity that they have done is the making of a calendar that is sent to all the educational departments in the school.

Mr. Portugal expects the Computer Club to become very active in the future, and become a strong and helpful asset to the community and to Madera High.

The Photography Club, under the direction of Mr. Al Shine, had an exceptionally active year. For the first time ever, the club constructed a dark room on campus, salvaging used equipment from the yearbook staff and buying some new equipment of their own.

The group also participated in many off-campus activities. Early in the year they went stargazing at Eastman Lake and climbed to the high country to go snow-shoeing at Yosemite with the Science Club.

Along technical lines, the group traveled to Fresno and were treated to a demonstration by a representative from the Vivitar camera company.

The president of the Photography Club was Gary Montalvo. He along with Mark Pyle, Stephanie Kirst, and Randy Kanzaki assisted less experienced members of the club become used to the intricacies of the fascinating world of picture taking.

B S U

The B.S.U. at Madera High is aimed toward the advancement and support of black students. The common goals and interests of black people everywhere are discussed and worked on at meetings. The Primary purpose of B.S.U. is to help each member become an integral part of society and to make his own, unique contribution.

Some of their activities, such as the B.S.U. Talent Show, the luncheon, and the fashion show, have made our club stronger and helped us to stand firm and united. In the future, the B.S.U. will continue to strive to reach for ever-higher goals as the times dictate and reach a higher degree of effort and unity.

The Latino Club has been at Madera High since 1978. It's open to all students that would like to participate in its activities. Some of its key goals are: 1)to help its members develop leadership qualities, 2)to develop a healthy and productive environment that will instill pride in both the club and individuals, 3)to have fund raisers to be used for educational trips, scholarships and family emergencies, And Last 4)to help other incoming students feel welcomed in our school. The club gives two scholarships each year to seniors in the club who are headed for college. The club also has a Folk Dance group. Last year's 1980-81 presentations were made for the Cinco de Mayo celebration.

HEALTH CAREERS

The Health Careers Club is one of the many clubs at our school which most people do not know even exists, but it is in existence and going strong!

The club has had such excursions to places as, Valley Children's Hospital, F.S.U., visits to various medical offices, homes, such as the one of Mr. Jerry Neal, to learn the many wonders of the Kidney Machine.

The club has also had visits from the town ambulance services and discussed their Explorer Post program.

Car washes, pen sales, and food drives were among the many fund raisers of this club.

BIOLOGY CLUB

The Science Club recently replaced "The Biology Club" in 1980-1981 so that any Madera High student interested in science would be able to participate, instead of just Biology students. The club is currently composed of 80 members, the Science faculty and Patrick McGee. The club does no fund raisers. It is strictly up to the students to pay for the activities. Some of the activities the club participates in are: stargazing, snow shoeing, wild flower trips, and mountain hiking. The faculty feels the club is a great experience and also that if a lot of the activities they do are more based on independence, so it might interest more students.

MINI BASKETBALL HOMECOMING

Everyone always enjoys listening to the band play, right Jeff

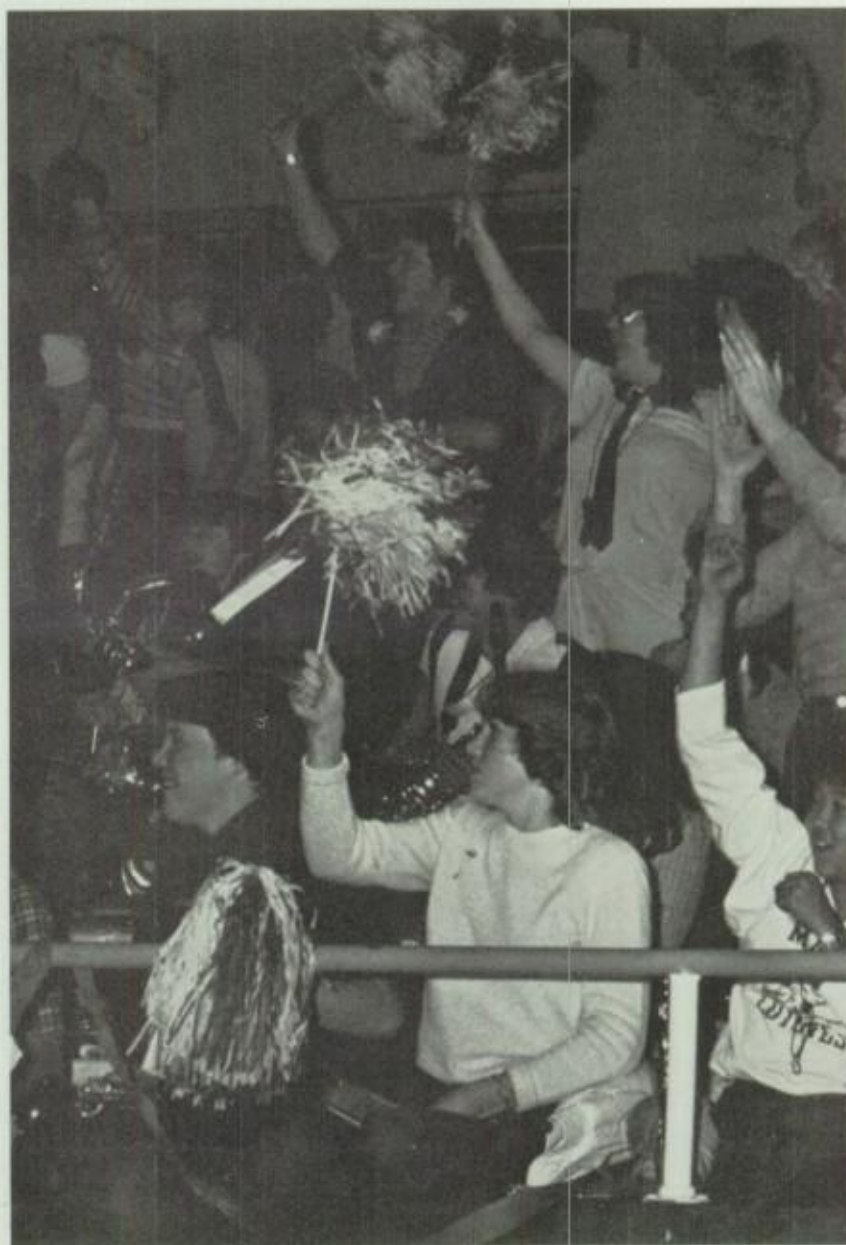

P-U-T-I-T-I-N, Put It In.

"Smile at the camara Teri and don't let go", says Sue Montagna.

Introducing the Coyotes.

Look at that spirit.

The old tradition of a Basketball Mini Homecoming was revived again this year with a float competition and the honoring of the Varsity player's mothers. Each mother was escorted by her son and given a homecoming corsage. The senior class captured first honors with their rendition of "Coyotes Bronze The Golden Eagles", this year's theme. The J.V. squad won in double overtime against the Eagles, while the Varsity ended the evening with a 68 to 54 victory in front of a capacity crowd in the Coyote Dome.

"Please don't stick me dear", says Mrs. Gustin.

"That run-through was tougher than most of the competition we have," Mark states.

Lori Rodriguez knows the Coyotes won't let us down.

STUDENT GOVERNMENT

In order to have well planned school activities, you need to have a good student government. There are two parts that make up the school's student government. One is the student council, which consists of the nine student body officers and the Class Presidents. They meet once a week. The other part is made up of the House of Representatives and the Senate. These two are made up of students selected each semester, where as the Student Body Officers ate for the entire school year. Student Government is responsible for putting on Football Homecoming, Basketball Homecoming, and Blossom Week. As students at Madera High we owe a lot to our student government and to our Activities Director, who helps to make it all possible.

California Scholarship Federation

The question most people ask about CSF is "What is it?" Well CSF is a organized club that has been at Madera High for quite awhile. "Scholarship for service" is what CSF is all about.

This club has various projects to benefit students and the school. It has a tutorial program for any student who needs a tutor and has talked to the appropriate people. CSF does many things to raise money to provide scholarships to deserving seniors. These such projects include working concession stands at basketball and football games and operating a student store. They also sell various items such as See's suckers to obtain the money needed to support the club and benefit the seniors at the end of each year.

Before you can join CSF you must earn 20 points or more in each semester.

Underclassman Spring: First Row: M. Wong, C. Garrison, K. Witherow, J. Kitch, S. Walker, D. Hernandez, S. Alveraz, M. Buchnoff, J. Inami, Second Row: A. Avila, D. Rodriguez, E. Seibert, C. er. These points are based on all of our grades for the whole semester.

CSF members have gone on many trips such as those to Stanford University, NASA'S Ames Laboratory, and even to Great America.

There is a very special honor that a CSF member may obtain in their senior year. Having been in CSF for four semesters, one of which is during their senior year, the student earns the recognition of being a CSF Life Member. To be a life member has many benefits. When applying to a college or a university an embossed gold seal is there to be seen, you will receive special recognition. You can apply for special scholarships only available to life members.

As you can see CSF is an organization that can be of benefit to you now and in the future.

HORIZONS

This year the Horizons were considered a new club on campus with Mrs. Mary King as their advisor. Most of the girls in this group started out as Blue Birds, then advanced in higher ranks of being Camp Fire Girls, and finally became Horizon girls. There is a camp every summer and some of these girls volunteer to be counselors. Every year there is a Father-Daughter Banquet where girls of all ranks go and bring their fathers so they can get involved too. There is also a Ceremonial and it is the main event of the year. The girls of all ranks fly up to a higher position. They can receive scarves, beads, and patches to show how hard they work. By visiting people and places, they become involved with the community.

F.H.A.

Future Homemakers of America, also known as Home Economics Related Occupations (HERO), is a club designed to help individuals improve their personal, family, and community living. Their activities focus on individual growth, preparation for family life, development of occupational skills and careers, and participation of youth in today's society. They learn cooperation, take responsibility, develop leadership, and give service. Mrs. Betty Dickerson is the advisor.

"THE PINK STRIKES

It takes two to tango.

"Oh, this just has to work", states Bruce Gekko.

Hiiiiii ... yah!!!

You squashed the little bug!

PANTHER AGAIN"

What's in the box?

It's ok, maybe we could go out next time.

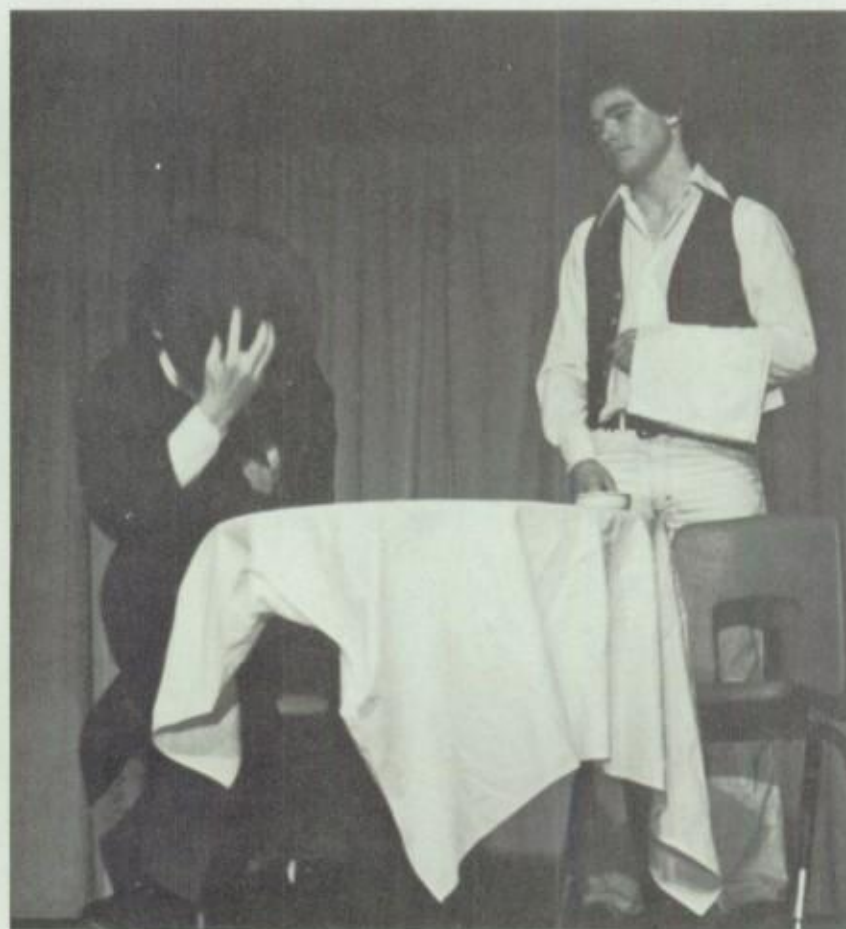

"Oh, she's your girlfriend?" asks David Croon.

This year's Senior Play was titled "The Pink Panther Strikes Again". It had a cast of about 25-30 people. There were four leading roles: Dreyfus, played by David Campbell; Olga, played by Leanne Hix; and Dr. Fassbender, played by David Croon. The student director was David Reeves. The program was held in the Cafeteria March 10 through the 13 starting at 7:00 p.m. and ending around 10:30 p.m. The plot was that Dreyfus went crazy because a fool took on his job and then he kidnapped Dr. Fassbender. Dr. Fassbender used his Dooms Day machine to try to kill Inspector Clouseau. Clouseau bumbled through the case to foil the plan.

Give me that Tomahawk!

Come on, the food's not that bad.

DRAMA CLUB SCORES WITH

"UP THE DOWN STAIRCASE"

The Drama Club got off to a good start with the All-School Play "Up the Down Staircase". With good pre-play publicity and reviews the play had a good turnout every night.

With fund raisers such as a skate-a-thon, bowl-a-thon, and bake sales the club went to Universal Studios.

Officers this year were: President-Mindy Collins, Vice-president-Quint Ellis and Julie Collins, Treasurer-Stephanie Clouse, Secretary-Karty Marquez.

Front Row: D. Tripp, M. Collins, L. Schreffer, G. Menagh, B. Gekko. Second Row: C. Barden, A. Bedoya, M. Matticks, J. Boulton, D. Lamb. Third Row: S. Hammon, J. Collins, A. Kunz, K. Marquez, S. Doolin, E. Bishop, C. Baldrice. Fourth Row: J. Porter, R. Griggs, L. Gonzalez, C. Stewart, J. Bianchi.

SENIOR POWER IN 1982

Seniors, you have been a truly magnificent group during your four years at Madera High School. Your accomplishments in both the curricular and co-curricular programs have made us all very proud.

Now that your high school career has come to an end, it is my hope that the years ahead will bring fond memories of happy and successful experiences at your alma mater.

Your reflections will include close and permanent friendships, meaningful projects, outstanding teachers, exciting athletic contests by both the boys and the girls, and the development of confidence, pride, responsibility, and self-discipline.

Your education must not stop here, regardless of whether or not you move on to college. You must continue to challenge your mind and to relentlessly seek knowledge. From this knowledge you will develop insight into the vast problems that will face you, and from this insight will come solutions to those problems.

Your education must never cease as long as you live. In fact, it now has only a good beginning.

This graduating class, the Class of 1982, is comprised of multitudes of outstanding young men and young women. I wish each of you great success and much happiness in the years ahead.

"DIGGERS" STRIKE GOLD FOR 3RD STRAIGHT YEAR

For the last three years, Girls Volleyball has swept the North Yosemite League with a heaping dose of dexterity and determination, and the level of competition has steadily improved as witnessed by the rugged style of play of runaway winner Madera and their nearest competition, Fresno and Clovis High Schools.

The trademark of this year's squad was their dexterity and versatility on both offense and defense. Their league-leading skills were displayed early in the season during the FRESNO BEE TOURNAMENT. Even though they finished a disappointing third, Coach Lucas' girls showed that they had the poise it takes to be successful competitors. The squad's only loss came at the hands of the Bullard Knights during the second round of NYL competition. Time and time again, the Coyotes would completely dominate a team in one game and then would frequently have to rebound to win squeakers that provided packed gyms with an intensity level that is rarely enjoyed by other spectator sports over such a short period of time. Madera's toughest competition came from a tenacious Clovis squad which stretched Madera to the wire in both of their seasonal meetings.

Madera was defeated by Highland High School in the Valley Championships, 15-5, and 15-5. The team seemed to lack the same level of playing intensity that had characterized their season up to that time.

Kathy Sullivan was the team's outstanding player, and she was voted NYL Player of the Year. Other hitters who played superbly were Melinda Chambers, Chris Yates, Leicia Farrell, Melinie Spigalmyer, Anita Lara, and Annette Coleman, who was injured in midseason. This year's setting was deftly accomplished by Kim Niino who was voted to the first team of the All-NYL Team along with Kathy Sullivan. Kristi Schmall and Olga Saucedo were the team's outstanding defensive specialists.

With five upcoming underclassmen, the '82 Coyotes should continue the tradition of excellence.

J.V. ROLLS INTO FIRST PLACE TIE WITH CLOVIS.

Even though losing to Clovis and Roosevelt High: the Junior Varsity Volleyball team tied for first place with Clovis High. Experiencing many ups and downs like losing one of their top hitters to the Varsity Squad didn't stop the team from trying even harder. Determination became a key factor to their winning season.

Trouble began three games before the end of their season. Losing two consecutive games to Clovis and Roosevelt made them try even harder to finish the season with a win. After hard practices and plenty of pep talks, the Junior Varsity team clinched a victory over McLane to end their season on a winning note.

Junior Eilene Yamaguchi led this young and inexperienced team to its many victories with her outstanding quickness and setting abilities. Diana Gallegos, Tressa Chambers and Leslie Pedroza led the offense with their many kills. This years team also consisted of 3 outstanding freshmen, Dawn Roberts, Kelly Carter, and Jill Oehlschlaeger who also contributed to the team's many victories.

FROSH DIGGERS HAVE TRYING SEASON.

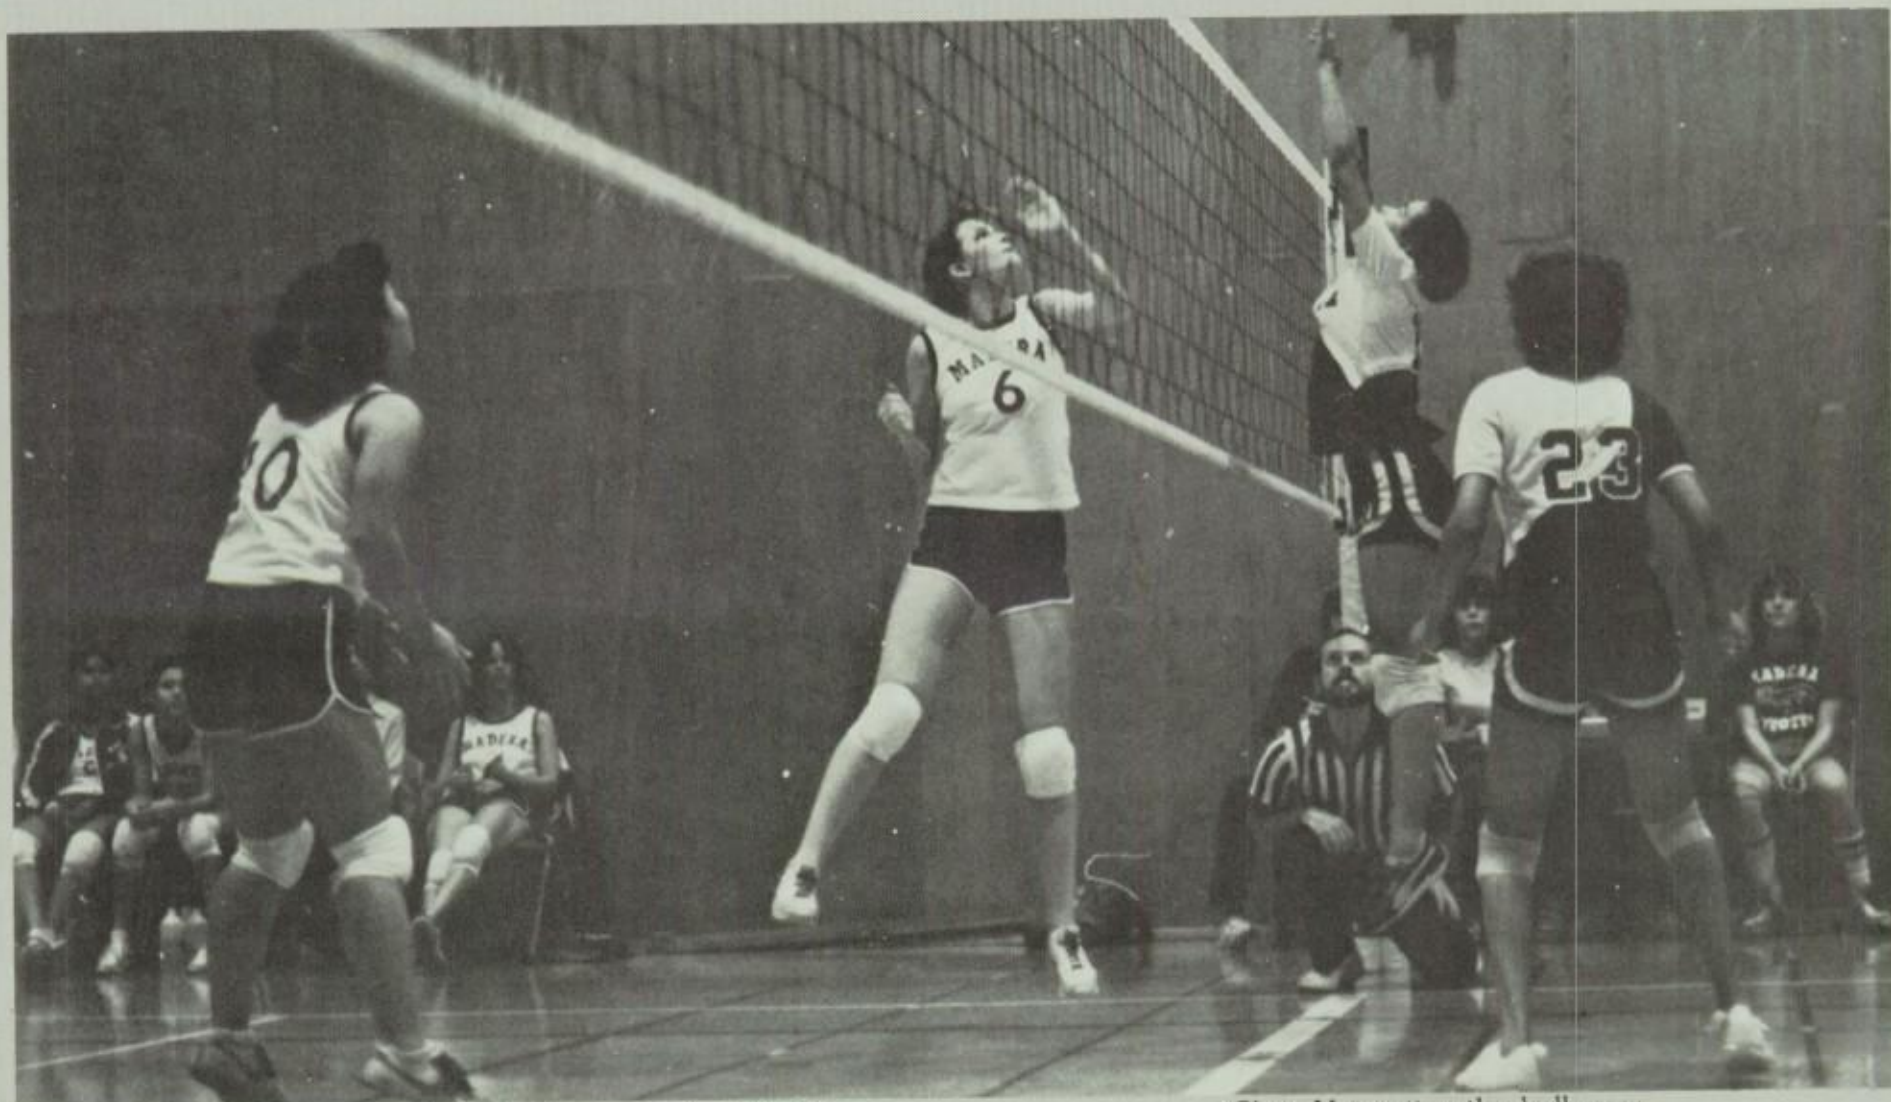

Girls Freshman Volleyball may not have had a very successful year, but both their wins most definitely came from the determination that they portrayed throughout their '81 season. This team has a lot of promise, and with unity, they could in fact be very well-rounded for seasons ahead. Even with a high number of losses, these girls gained the experience and knowledge of the game, which every player needs.

The team's losses were most likely caused by the fact the coach originally assigned to the job, left Madera to accompany her husband elsewhere. The team was left without a coach for 2 weeks. Head varsity Coach, Linda Lucas, then took over the coaching position, while searching frantically for a new coach. Finally, a new coach was hired. Mrs. Dobbs the new coach had to start from scratch and train this large group of fine young athletes. She was assisted by Glen Glariada who helped tremendously, to form these young ladies.

The team was lead by Gina Toschia and Julie Sansinena. Other outstanding teammates were Cece Gallegos, Laurie Waag, Lisa Bailey, Erica Bleden, and Kim Kansaki.

JINX CONTINUES AS COYOTES FALL IN VALLEY CHAMPIONSHIP.

For the second straight year the Madera High Varsity Football team reached the Valley Championship, and once again they faced a very strong West High football team. But unfortunately history repeated itself and the Coyotes dropped a 21-7 decision to Bakersfield. Last year Madera lost 15-14 to West in the final seconds.

DEFENSE . . . is probably the best word to describe the Coyotes season this year. Allowing just 44 yards per game rushing and under 150 yards total offense, earned the Coyotes a number 1 ranking in the valley. The Blue Steel Curtin, led by tackle Glen Layton and end Dane Cook, co-winners of the defensive lineman award, put the damper on any type of opposing offense by dominating the line of scrimmage.

Voted most valuable defensive player for the Coyotes was Sophomore linebacker Elmer Parker. Any opposing running back, with any brains at all, quickly learned that running in Elmer's area was not a wise thing to do, thus earning him the well deserved title.

Madera was also blessed with one of, if not the best defensive backfields in the NYL. The Coyotes discouraged many opposing quarterbacks time and time again, by the way they somehow always appeared to be where the ball was, intercepting it many times. This group of pass thieves was led by Senior Pernell Nelson, voted best at his position.

Over all, however, the Coyotes had no outstanding individuals, the whole defense was outstanding, commented head coach Bill Sparks. Every player had his moments when he was the defensive hero.

But by no means did the defense over shadow the offense. Rated as one of the valley's finest, the Coyotes offense, led by Reggie Henderson, moved the ball almost at will against any opposition.

Following the superb blocking of the Coyote Front Five, Henderson became the all time leading rusher at Madera High with 3608 yards before ending his 3 year varsity career. Henderson broke Kent Nance's 20 year standing record in the early minutes of the Fresno High game. In acknowledgement of his outstanding running, Henderson was voted the team's most valuable offensive player and back, an honor well deserved. Even with his great ability he did need help, however, which was provided by one of the valley's best offensive lines. Mo Lyons led the pack of hulk-like snarling Coyotes, which dominated nearly every defensive line. Adding to the Coyotes offensive punch was the consistent place kicking of junior Darren Schmall. Schmall finished the season with 31 of 34 PAT's and 5 of 8 field goals, 3 of which came from outside of 30 yards.

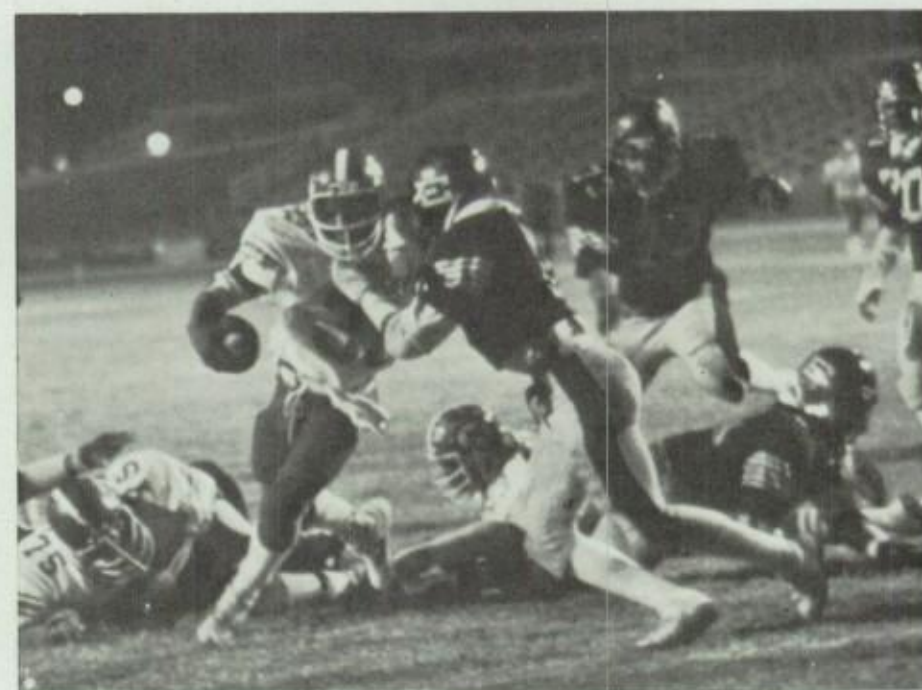

The Coyotes finished the season with a 10-2-1 overall record, tying the record for most wins in a single season. Even though Madera is not number 1 in the valley, this team will always be remembered as Number 1 in Coyote history.

YOUNG J.V. TEAM FINISHES SECOND IN LEAGUE.

After the Coyotes held a very strong Clovis West team in a 7-6 victory, Madera fans realized that nail biting was going to become a week to week occurrence. This continued all year as Madera had many close calls with defeat, fortunately leaving victoriously 3 out of 5 times. The defense was led by linebackers Brian Greer, and Kevin Emo, tacklers Augie Gonzales and Brett Letourneau, defensive back Philip Montagna. Opposing offensive players soon learned that entering the domain of these hard hitting Coyotes was a bad move.

Madera's offense was not quite as sound as its defense, unfortunately plagued by fumbles, interceptions, and penalties, the Coyotes lacked consistency in the early season. But with improvement of Freshman running backs, Chuck Lyon and Harry Bradford, Madera came on very strong at the end of the season. The offensive surge of the Coyote front 5 gave quarterbacks Rick Hernandez and Russ Neal the valuable time needed to complete many key passes. Bill Parkhurst provided the Coyotes with another scoring thrust as he kicked 3 of 4 field goals and literally won games for Madera by his fine kicking. The J.V.'s were a very young team as they had 8 freshman in their starting line up. Head coach Jeff Mendoza was very pleased with the offensive line play of Letourneau, Steve Dominici, Joe Wyrick and John Velasco, as they began to dominate the trenches at the end of the season. Also Raymond Montagna turned in many fine running performances for Madera. With the fine group of up coming pups, the Coyotes could expect very fine varsity teams in the future.

COYOTE PUPS-GAIN RESPECT WITH HARD HITTING DEFENSE.

Defense has been the key to Madera's success this year, and the freshman team is no exception. Finishing 4-4-1, over all the Coyotes turned in what head coach Corky Napier called a very enjoyable season.

Key defensive plays by linebacker Tim DaSilva, the team's most valuable defensive player, Scott Vivid and Brian Crouch, and tackle David Rodriguez, turned the ball over to the offense consistently in good field position.

Offensively much of Madera's success was based on the explosive running of Lander Green. Green, voted as the most valuable offensive player, turned in big ground gains for Madera at key times, commented Napier, which really kept us in some close games. Sharing the duties in the backfield with Green was Tim Da Silva another fine runner. Clearing the path for the young Coyote pups was an excellent offensive line lead by Crough at center, and flanked by Manuel Perez and Lawrence Perez the team's most improved player, at tackle. They opened many gaping holes in opposing defense.

With this outstanding group of up and coming players, Madera's football program should continue to be one of the best in the Valley.

CROSS COUNTRY RUNS AWAY WITH LEAGUE TITLE . . . AGAIN.

For the third consecutive year the varsity Cross Country Team won the N.Y.L. League championship, this year by defeating runner-up Clovis by three points. The team worked its way to the top by winning five different area meets including the Merced Invitational, Bakersfield, Kern Invitational, Hanford and Golden West Invitationals.

The team was led by senior co-captains Jose Caballero and Amado Carranza. Many fine performances were also turned in by Bryan Bradburn, Manuel Saravia, and William Villanueva. These five plus senior Leonardo Medina were selected for the 1981 All-League Team.

The Junior Varsity and Frosh teams both turned in equally impressive season's by winning the season and won seven major championships.

The J.V.s were led by Rudy Montimayor and Alfonzo Contreras while John Aguilar and Jim Winchester paced the forth runners.

This year there were only three girls on Varsity Cross Country. They were Emily Flores, Magdalena Saravia and Margaret Adames.

J.V. STRIDES TO THE TOP, WHILE VARSITY HAS TOUGH TIME.

With their ever present grace and poise, Madera's Varsity and Junior Varsity gymnastic teams, high stepped and tip toed their way through another season. Performing various exercises on the balance beam, the vault, the uneven parallel bars, and the floor, the two girl varsity team, composed of Carlo Thorn and Stephanie Kirst, posted a 3-13 league record. The team's record does not at all reflect on the team's performance as they lost several very close matches.

The J.V. on the other hand had a very productive season as they glided to a 13-4 league record. Madera is expected to be one of the league leaders next year as they will have nothing but returning gymnasts, including the NYL's leading J.V. gymnast Sabrina Hammon. The team will be loaded with one of the most important keys to success-experience-with the return of Wynoma Howell (Coaches Award winner) and Debbie Perez (Most Improved Award winner).

EXPERIENCE AND NEW GIRLS' TEAM LEADS TO OUTSTANDING SEASON.

With each new year the popularity and the strength of Madera High water polo teams is increasing. A very strong varsity team narrowly missed a Valley playoff birth when they dropped a nine to six decision to Bullard at the league tournament. Led by All-League seniors Tom Johnson and Lynn Ketter the varsity turned in many fine performances even though they finished seven and nine overall. Adding to the team's excellence were seniors Lane Jantzen and Stan Hutt. Another fine player was John Overstreet.

The J.V. season was much like that of the varsity. They also posted a four and four record. The team was led by outstanding play from Jeff Ricketts, Jeff DuMont, Carsten Christiansen, and Andy Propes. With this fine group of upcoming poloists the varsity should have a very impressive squad for next year.

To add to Madera High competitiveness, a girls water polo team was formed this year. The very young girls team, composed mainly of freshman and sophomores, tallied a one and four record losing close games to Mt. Whitney, Bullard, and Turlock and beating Sanger. The team was led by senior player-coach Lynn Ketter and Maureen Persch. Outstanding efforts were also added by juniors Shelly Huntsman and Brandi Philp.

INEXPERIENCE PROVED TO BE MAJOR OBSTACLE

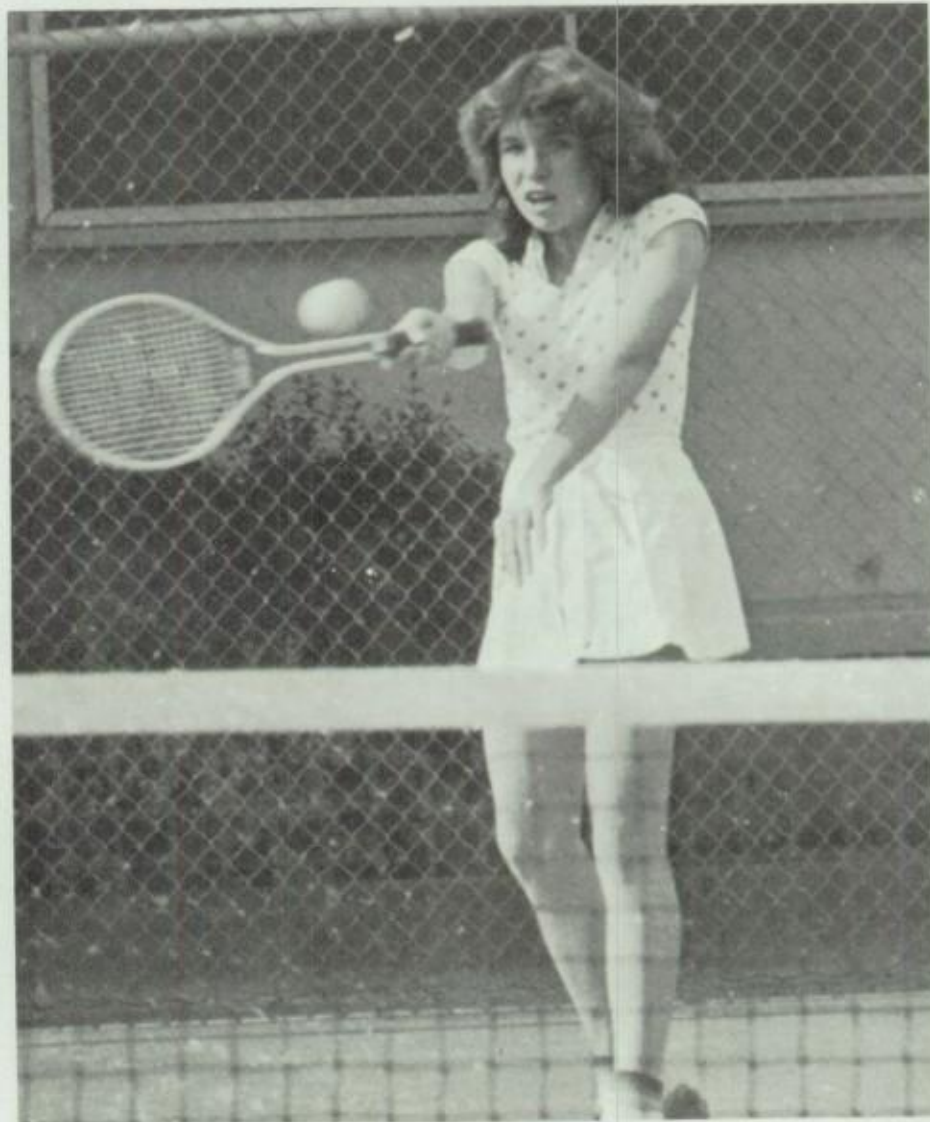

The NYL has added frosh Tennis to its roster of fall sports. As with the birth of any new team the first years are building years, and they are not very impressive. Although plagued with losses, the girls team posted an 8-6 season, lead by OVER POWERING victories over Edison, Sequoia, Roosevelt, and arch rival Clovis. Unfortunately, the boys record was not as impressive, as they accumulated no wins and 13 losses. According to Jay Yake, head coach of the team, the major problem throughout the year was the lack of participation. Even though their season was not very bright, it was highlighted by some outstanding play by Shelly Carrigan and Bill Koretoff.

MADERA BASKETBALL SHOOTS

THIRD FOR N.Y.L. RECORD

Originally basketball was considered a non-contact game, but that's not the way the Coyotes play basketball. Being the biggest, but youngest, team in the N.Y.L., the Coyotes outmuscled nearly all of their opponents. Finishing with a 16-7 mark over all, and fourth in league, Madera, led by six-foot-ten senior Mark Gustin, was classified as the most physical team in the valley. After a shaky start, the Coyotes came on to post their best record in over twenty years. Gustin paved the way for the Madera cagers as he led the league in both scoring twenty-four points per game, and rebounds, sixteen per game. Helping Gustin were Juniors Kevin Sagouspe and Kent Nash. Adding to the teams quickness were sophomores Andre Barnett and Mike Townsel. After an impressive season their record placed the Coyotes in the playoffs. After beating Roosevelt in the first round, Madera was defeated 48-40 by a very tough Clovis West team.

Inexperience played a big part of this year's season for the Coyotes, but after a year of "on the job training" Madera could possibly have an even better team by next year.

Young J.V.'s Turn In Productive Season.

It is said that youth and inexperience may be a teams greatest enemy, but Madera Highs J.V. basketball team has proved this untrue as they jumped and shot their way to a very impressive season. This years team is one of the youngest ever as it is composed of five sophomores and six freshman. Under the guidance of head coach Bill Schwartz, Madera promised a game that world not soon be forgotten to any opponent who stepped on the court. With the dead eye shooting of sophomores Manuel Anguiano and Jack Anderson, the teams leading scorer's, the young Coyotes surprised many people, as well as teams, with impressive victories. Also adding to the excitement of the games was the play of Kenny Barnett and Tim Johnson. The two raised crowds to their feet with their defensive plays as well as their unique style of basketball. Adding to the teams depth were freshman Darryl Bowen, Gary Johnson, and John Coffee, all of which did an outstanding job. With the maturity of these fine athletes Madera Highs basketball program looks very promising for the future.

FROSH BASKETBALL, MAKING GREAT PROGRESS

With the loss of six freshmen to the J.V. squad, the outlook for this year's Freshman Basketball team was not very promising. But the young Coyotes would have nothing to do with the small talk of onlookers, as they finished with a very productive season. The team's won-loss record may not have been that impressive, but the games lost were very close. With the hot shooting of the team's leading scorers Harry Bradford and John Aguilar, the young eagers put excitement into every second of their games. The boards were dominated by Freddie Jackson and David Martinez, the team's leading rebounders. To add to this team's potential, was the outstanding play of Andrew Howe, probably the best all round player of the team. Overall this year's season was a success, as each of these fine athletes gained valuable experience for the years to come.

CONSISTENCY LEADS TO AN IMPRES SIVE SEASON.

Girls basketball may not be a big crowd attraction, but by no means is it not a crowd pleaser. Excitement and enthusiasm was present in great abundance at every game. With the consistent shooting of Debbie Elrod and Kathy Sullivan, the girls finished with a very productive season. League leading teams such as Fresno, Clovis, and Edison were surprised by the Coyotes' quickness and aggressiveness. Another of the Coyotes' assets was the domination of the boards by Miss Sullivan. Top defensive players such as Melinda Chambers and Chris Yates added to the depth of this year's team. Next year promises success as the team has a variety of returning players, as well as a good selection of up and coming players.

STRONG OFFENSE LEADS TO A SUCCESSFUL YEAR.

If league leaders were determined by the number of close games, the Girls J.V. Basketball team would be among the top. Many close games were won and lost in the final seconds of the games played this year.

The offense was lead by Sandy Beach, Madge Haynes, and Robin Philmore. The consistent shooting of these girls kept them in close games with tough opponents such as Fresno, Clovis, and Clovis West. Defensively the Coyotes were paced by Nonette Spratt and Miss Haynes. The two played a big role in shutting down any threat by the opposition. Overall consistency was shown in great quantities by Vanessa Ormandy and Miss Beach. With the addition of these fine athletes, next year's Girls Varsity team should prove to be very successful.

GIRLS FRESHMAN BASKETBALL, STILL IMPROVING.

Girls FROSH BASKETBALL 1982

Overall season records may say a lot about some teams, but that does not apply to this years girls freshman basketball team. Their record may not have been impressive but the caliber of basketball played by these young ladies was. The hot shooting of Kay Delt and Aurora Bedolla, kept Madera in close games with Clovis and Roosevelt. Liz Owen along with Miss Delt dominated the boarder to lead the defense. With this promising group of on coming athletes the basketball program at Madera High should continue to improve.

MADERA MATMEN STAY ON TOP OF NYL

The few, the proud, the Madera Wrestlers, has turned into a common saying around Madera High. But that's not just a saying, it is a fact and their record certainly shows that. Before any league matches began Madera had already taken a first, second, and a fifth place at Redwood, San Diego, and Clovis tournaments, respectfully. Seniors Paul Lopez, Greg Canderos, Mark Rivera, Pete Rangel, and David Cantu led the pack of Coyotes as they dominated nearly the entire league. Youth also added its part to the teams as sophomores Elmer Parker, and Ricky Salas along with freshman David Nosario turned in many fine performances. With the strength and quickness of the up-coming wrestlers Madera High will not only be proud but among the league leaders in the years to come.

J.V. WRESTLER HAVE VERY

IMPRESSIVE SEASON

Wrestling may be one of the oldest sports around today, but it has not lost any of its popularity here at Madera High. But popularity is not what counts, skill is, and the J.V. wrestlers have plenty of it. The team won tournaments in Sanger and at Clovis West and placed second at Atwater. Pacing the junior varsity matmen are Eddie Barrientoy and John Bautista, both of whom have recorded many first place victories. Another strong point of the team is sophomore Augie Gonzalez, who has also turned in many impressive performances. With this season completed and another year of experience under their belts, these fine young men should make excellent varsity wrestlers.

SKILL DOMINATES FROSH GRAPPLERS

Wrestling is one of the oldest and winningest sports at Madera High and this years freshman team is doing a fine job to keep that tradition going. The large turn out for this years squad has given the Coyotes the depth needed to turn in a very fine season. The young group of skilled matmen are not an over powering team, they just out wrestle their opponents. The level of skill demonstrated by Pat Rangel, John Bautista, David Rosario, and Felipe Lujan sheds light on the prospect of a Valley Championship team.

GIRLS SOCCER SHOWS FUTURE PROMISE

Madera High's Girls Soccer team may not have an impressive record, but by no means does that reflect on the quality of the team. With the experience of five three year starters, Margaret Adames, Theresa Oaxaca, Debbie Zarasua, Lynn Ketter, and Leonora Luna the girls promised a tough game to each opponent. The team has had many heartbreaking games as they lost 7 games by one goal.

Madera's tough defense has been the strong point of the team this season. It gave league leaders Hoover, Bullard, and Mclane, some of the toughest games this year.

Overall, head coach Vern Sullivan, felt the team has made extremely good progress. So far this season's seniors, Tracy Spence and Lupe Contrearras, were great examples of this progress. Even with much of his team graduating, Sullivan feels that the teams of the future years to come will be even better.

MADERA SOCCER IS STILL IMPROVING

The Madera High Soccer team had one of their best years in a long time. Melesio Hernandez the leading scorer for Madera, scored most of the goals for the team. With the help of Gilbert Hernandez, Alfredo Barreras, Martin Gonzalez, Scott Carter, and Gerardo Herrera, the team had control of all the mid-field. The defense was lead by Jeff Capra, Roger Mortimer, who gave the team all the support and protection on defense. Although he had a couple competitive games, Stan Hutt, Madera's Goalie gave a brilliant performance of his abilities. Madera encountered some competitive teams such as Hoover, Bullard, and Roosevelt, but nevertheless Madera kept fighting back.

Madera's Coach Hoover, a former player for Fresno Pacific, successfully finished his first year satisfied with the team's performance.

DEDICATION REWARDS GIRLS SOFTBALL WITH A PRODUCTIVE SEASON.

The Varsity Softball Team, coached by Leroy Zimmerman and Raleen Noble, got off to a slow start this year. In their first three games they weren't able to get a hitting streak going. But by practicing everyday things started back to normal. They began hitting again and got a streak going. Once they were hitting, they were able to start winning the games they knew they could. Their defense is one of the best and how that their offense is well on its way, they'll probably continue to win many more games. With the combination of hard work and dedication to softball their season will be a great one.

The team consisted of fifteen players. For the outfield there were Kristan Chapman, Theresa Kidwell, Karen Townsend, Lecia Farrell, Chris Yates, Melissa Fernandez, and Stacy Moren. The infield positions were taken by these players. At first base, Laurie Rowe, at second base Sandie Beach, at third base, Amy Young, at shortstop Denean Cazares and Debbie Elrod, catcher was Olga Saucedo. Pitching for the Coyotes were Kristi Schmall, and Vicki Sciacqua as well as second basemen, Laurie Rowe, and Lecia Farrell.

FROSH SOFTBALL OFF TO A GOOD START

Coach Moran: "This is a well skilled group showing a lot of energy and these girls should take league."

Madera High School's 1982 Frosh Softball team has only played five games and is already in first place. This team has also a lot of drive. They started their season with about 20 players and now it is down to 13 players, but this only makes them work even harder.

In their 5 games so far, they have won 3 games, lost one and tied one. Their tie went to Sierra with an 8-8 decision. Their lost went to Sequoia with a score of 5-6. The team's victories were against Clovis West, Sierra, and Roosevelt High Schools. The scores were 16-15, 16-6, and 17-5 respectively.

The coach of this fine team was Kim Moran. She has been coaching the Madera High Frosh Softball team for a number of years. She has no one else to help her, so she takes on the responsibility of getting the team in order by herself.

The team composed of many fine players with Kay Dale and Aurora Cazares showing outstanding fielding. Julie Rodefer demonstrated fine pitching form as she led her team to many victories. Cece Gallegos also showed excellent fielding skills.

Coach Roger Henderson; "These players have the potential to be good ball players. Yet as Freshmen they have not learned the self-discipline to be a sound player mentally and fundamentally."

STRESSING OF FUNDAMENTALS GIVE FROSH BASEBALL A GOOD START

Jimmy Da Silva shows excellent batter's form.

Like most Frosh teams, Freshmen baseball is mainly a learning stage for the years to come. Newly acquired head coach Roger Henderson stresses fundamentals more than wins or losses in order to make his ball team a more competitive team in the future. However, many teams soon learned that the Coyote pups were there to win and not just gain experience, as Madera came away with many impressive wins. Leading the way for the Coyote's batsmen are Mark Christopher, Brian Crouch, Tony Mercado, and Russel Neal. The pitching department was lead by Sean Carrell, Greg Plumb and Breau Qualls. With some hard work and experience these young players will make a fine Varsity team in a few years.

INEXPERIENCED COYOTES DO WELL IN N.Y.L. PENNANT RACE.

Inexperience has proved the downfall of many teams in the past, but that wasn't the case for this year's Varsity Baseball team. Composed of only 7 returning players, this young Coyote ball club not only proved to be competitive but beat many of the tough teams that compete in the N.Y.L. As for all teams, offense plays a big role in the success of the team, and by no means is Madera lacking in this area. Led by returning sluggers Harvy Hill, Mark Pentorali, Dave Salwasser, Ryan Virgo and clutch hitters Reggie Henderson and Steve Yamaguchi, the Coyotes gave many opposing pitchers difficulty with their consistent hard hitting. Adding to the group of skilled batsman are Jerry Branch and Randell Neal. But as they say offense is only as good as its defense. Heading the Coyote infield will be Kevin Bandy, John Coronado, Kent Nash, and Jeff Ricketts. Offense and defense is important; however, the quality of the pitching will inevitably determine the team's success. Heading the Coyote hurlers will be the deceptive Tom Christopher, and Steve Ramirez, both possessing the ability to intimidate batters with their hard breaking curves. Adding speed to the pitching staff will be the hard throwing junior fireballers Darren Schmall and Ryan Virgo. Ernie Flores and Gregg Woods will fill the roles of relievers and add depth to the Coyote bullpen. Head coach Phil Pendley as well as assistant coach Tom Cook and pitching coach Lenny Cargill have been pleased with the good attitude and have hard working of this year's team. With the improvement of these fine players the Coyotes will remain a top team in the N.Y.L. pennant race.

J.V.'s EARN RESPECT IN TOUGH N.Y.L. LEAGUE.

Baseball may not be as exciting as football or basketball, but if you ever saw a Junior Varsity baseball game you could see that it is not too far away. Close games and outstanding individual talent and performances kept the fans on the ends of their seats. Leading the team both offensively and defensively will be Sophomores Brian Hefner, Rick Hernandez, Augie Gonzales, and Raul Castro. Hefner, along with Tony Fernalito, Vince Gonzalez and Brian Salwasser will share the pitching duties. Backing up these fine hurlers with strong defensive support will be Tom Da Silva, Tuffy Donati, Darryl Bowen, and Scott McKinney. Adding to the depth of the Coyotes Roster are Sean Foley, Brian Greer, Ray Macon, Vernon Multree, Carl Oliver, and Chito Romero, each of whom will see considerable action to pace Madera to a strong finish in the NYL standing. With hard work and a continued good team attitude their team will be a welcomed addition to next year's Varsity team.

YOUTH HINDERS BOYS TENNIS SQUAD

Composed mainly of underclassmen, the 1982 Boys Varsity Tennis Team had a rebuilding year ahead of them. Although the team may be young, they did not lack experience, for 6 of the teammates are returning Varsity lettermen with 3 strong players coming up from last year's undefeated J.V. squad.

Filling the number one doubles position are Art Montelongo and Jon Aoki, demonstrating fine tennis strategy and techniques. Paul Serafimidis and Mike Chiarelli showed superb tennis as the 2nd doubles team. Competing as the third doubles team was Ken Witherow and Ray Lopez, as they definitely showed their capabilities of playing fine tennis.

David Leung and Jeff Capra battled for the number one singles position, while Richard Lawson played very impressive tennis, using his skill as second singles.

This is Coach Jerry Orosco's 6th season at coaching tennis for M.H.S. and he is looking forward to a successful season. Since Jeff Capra and Paul Serafimidis are the only 2 Seniors on the squad, Coach Orosco is looking for leadership and maturity among these 2 fine young players.

The Boys J.V. squad, assisted by Jay Yake, consists of very fine players also. Playing 1st doubles are Nick Magdic and Kong Kelley, while Charlie Van Buren and Kenny Tyndal filled the 2nd doubles position. Playing 1st singles was Philip Salas and Jerry Christsen successfully dominated the second singles position.

GIRL NETTERS HAVE A SMASHING SEASON

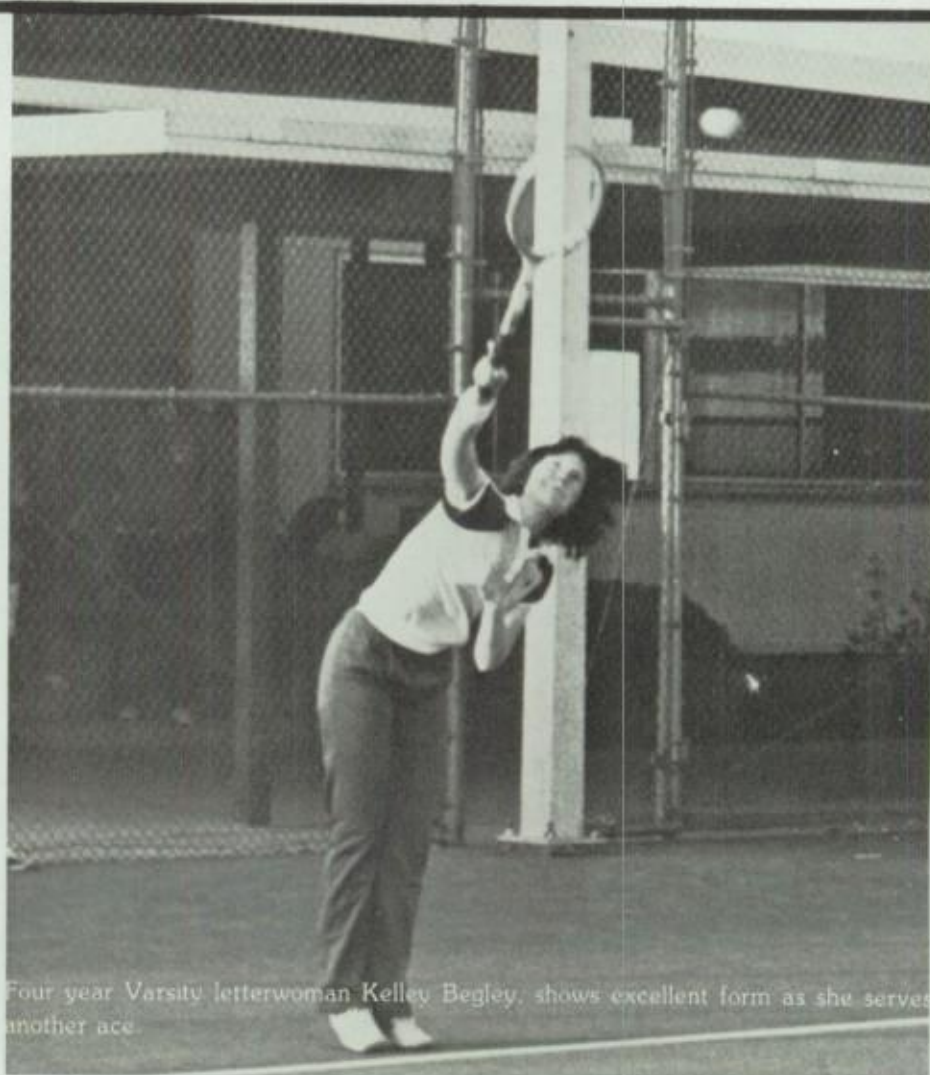

The 1982 Girl's Varsity Tennis Team looked very strong during the 1982 season, as they competed with determination and outstanding tennis skills.

The team did not lack experience, for 6 of the 8 team members were Seniors, 5 of whom are returning varsity letterwomen. The Seniors played the key role in determining the outcome of the season, for it was up to them to decide how well the team would do during the '82 season.

Playing number one doubles for the Coyotes was Sherry Lopez and Kelley (Fathead) Begley. They showed consistency as well as awesome put-away volleys, which left their opponents in a state of shock and many times in pain. Kim Niino and Diane Chavira also played doubles as well as Melissa Belden, Karen Herrick, and Eilene Yamaguchi, who alternated as the other doubles team.

Gayle Jones and Sandie Galano dominated the two singles positions as they demonstrated outstanding baseline and volley shots.

The J.V. team, assisted by Jay Yake, also looked strong this year with several fine young players showing superb tennis skills. Gail Gong, Tonya Grootendorst, Dawn Roberts, Lisa Capellutti showed capabilities of performing excellent tennis.

GIRLS TRACK STILL RUNNING STRONG

Coach Kautz: "The Soph/Frosh show lots of promise for the future."

The Boy's Track Team continued its steady progress back to the top of the N.Y.L. this season. A turnout of over 65 athletes was the largest in the last several years. Although competing in one of the strongest leagues in the valley, the Coyotes showed intense desire and determination. The Coyotes were led by distance runners Jose Caballero, Efren Castellanos, and Willie Villanueva; mid-distance runners Manual Saravia and Rudy Montemayor; field event performers David Rubio, Bryan Bradburn, and Terry Vaughn; sprinters Mike Aguirre and Scott Hartley, and hurdlers Matt Logan and Joe Gomes.

The Frosh-Soph Team showed lots of promise for the future with Robert Jorgenson, Matthew Ortega, Tony Tynan, Ken Leer, Dwayne Shappe, Chuckie Lyons, Harry Bradford, Derrick Brown, John Aguilar, Kirk Sagouspe, Val Cummings, Clay Garrison, Freddie Jackson, Albert Jackson, Brett LeTourneau, Steve Dominici, and Bill Parkhurst leading the way.

The Coyotes met such to teams as Edison, Clovis West, Lemoore, Clovis and Bakersfield. Even with these tough opponents, the quality of the Madera athlete should keep them neck and neck in the race for number one.

LARGE TURNOUT LEADS BOY'S TRACK TO A SUCCESSFUL SEASON

Vanessa Ormandy dispairs at the thought of 400 more hurdles to go.

After coming back from a second place finish in league last year, the Girls Track team had no problem in repeating an equally good mark. The team was composed of athletes of many talents, as many of the girls competed in several events. At the varsity level Tyra Brewer led the way as she turned in many fine performances in the 100 meter low hurdles, 200 meters, the high jump, and the long jump. Other athletes in their respective fields were Madge Haynes, shot put and discus; Madga Saravia, 800 meters, 400 meter relay, mile relay, and long jump; and Bridget Steens, 100 meters, 400 meter relay, and long jump. Bridget is also the all time valley record holder for the long jump. After competing against such top teams as Clovis West and Edison the Coyotes finished fourth in valley last year out of sixty-eight schools, and the Frosh-Soph team were league champs. With their fine young women competing for the next few years, Madera's girl track team should continue to improve.

SWIM-DIVE TEAMS HOLD POSITIONS IN VALLEY TOP TEN

Brian Bitter takes the lead in a relay.

Despite the fact that 85% of the swim team this year was new, Madera held its place in the Valley Top Ten. The only league competition the team had was in meets against Clovis, Bullard, and Clovis West. The swimmers held easy wins over Fresno and McClane. The team was led in its victories this year by outstanding senior members Lynn Ketter, Maureen Persch, Kathy Sullivan, and Lane Jantzen, all holding league titles. Underclassmen Brandi Philp, Dena Rodriguez, and Stephani Zapata along with many talented and experienced team members helped clinch the victories and success the swim team had this year.

The diving team was also comprised of a majority of new members. The only returning member was Sabrina Hammon. Many of the new people, however, held previous experience in diving and so clinched easy victories over many of their competitors. Kelley Carter, Sabrina Hammon, Jill Oschleger, and Fred Dalton helped their team to the top by capturing league titles. Coach McAlister stated that he had high hopes for the team in the next few years with a little more training and experience.

BOY'S VOLLEYBALL RANKS IN TOP THREE OF N.Y.L.

This year's Boys Varsity Volleyball team finished its season out with holding its own ranking in the top three of the N.Y.L. They were able to hold down tough opponents such as Clovis and Roosevelt. These fine players took third in the N.Y.L. tournament held at the beginning of the season.

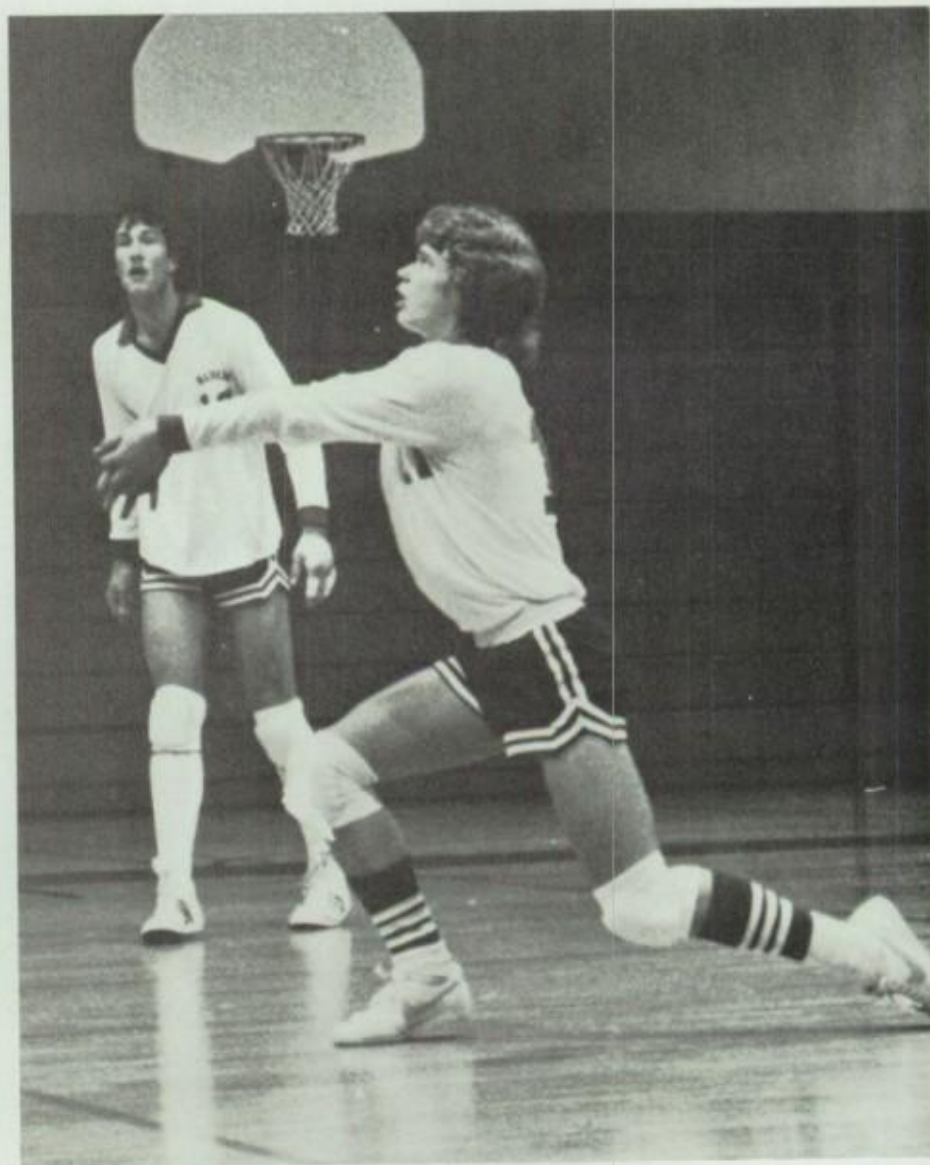

As compared to last year their success record is from having more competition experience. While working on their weaknesses such as working as one unit and being vocal, their strengths are evident. The key to the Coyotes success is the ace hitting of Mark Gustin, also helped by Mike Van Loon, and Brad Bitter. Setting for the Coyotes were Ken Tucker and Manual Anguiano. Jim Cordova also gave some fine playing up front. Although they are losing part of their team, the coaching of Scott Lucas should keep the team together for another productive season.

BOYS J.V. NETTERS HAVE A GOOD STABLE SEASON.

Coach Glenn Gariada "Good group of hard working athletes"

The 1982 Boy's J.V. Volleyball team's major setback was a lack of teams to play against in the N.Y.L. They came out with a pretty good record standing about even. They had many strong points including serving and blocking skills that played a big part in their wins.

Jerry Martinez aided in setting skills, and Frank Barboza and James Ortiz were the main hitters. Blocking for the Coyotes were James Ortiz and Steve Guglielmana. Good efforts were put forth from Scott Jones and Andy Van Nostrand in the back row. This young team should develop into potential Varsity players for a great future Varsity team.

Jerry Martinez dinks the ball over.

ORTIZ BROTHERS LEAD LINKSMEN IN '82 SEASON

Geoff Rau follows through to get a fine shot.

Golf has always been a game of prestige, and the quality and class of the Madera High golf team is doing a fine job to keep up the tradition. After playing on some of the toughest courses around Madera young linksters turned in many fine performances. A young team, composed of seven juniors and only two seniors, promises to be among the league leaders in the years to come. The team is led by Marco and Luis Ortiz, probably the only two twins playing on a California high school team. The two young men have the potential to be among the state leaders, if not already. The consistent play of Brent Huntsmen, Hal Richards, Geoff Rau, and Steve Thorton contributed greatly to the team's success. Three new additions were also made to this year's team. New comers Randy Cavazos, Tom Johnson, and Cliff Calhoun turned in some outstanding performances to round off a fine J.V. season.

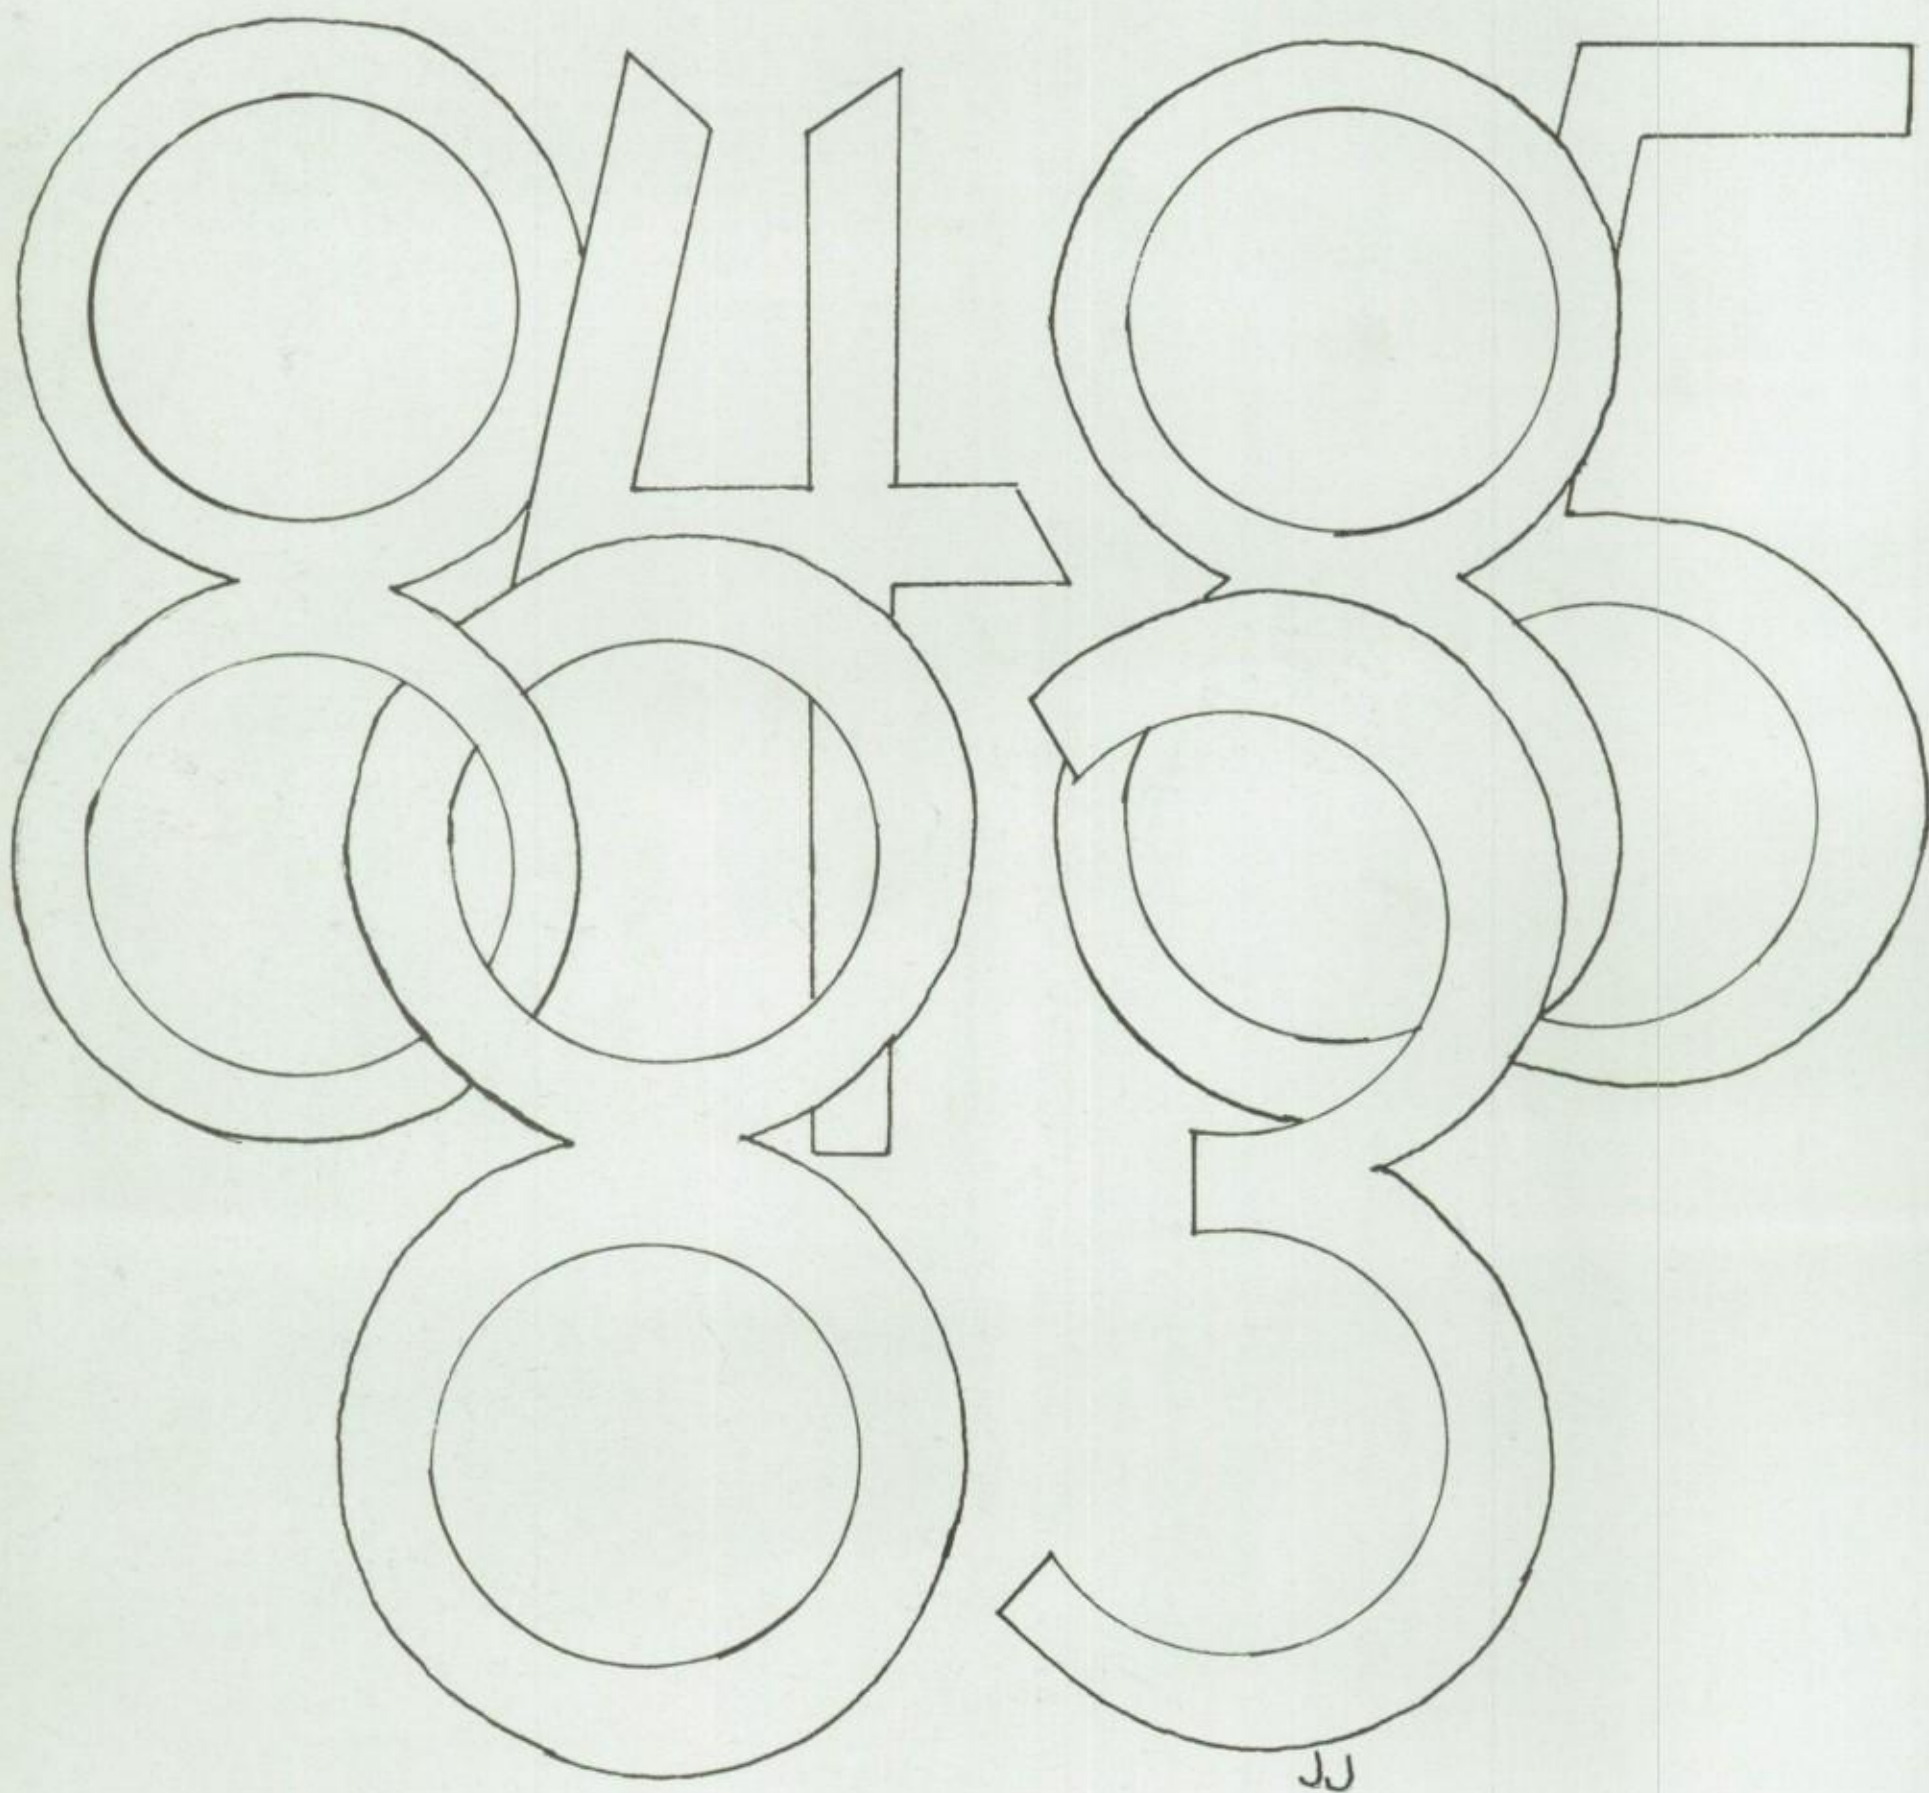

Luis Ortiz determines his strategy on his next play.

For Junior Angela King, going to school is only half of her daily routine. Angela hopes to become a professional dancer, and by the looks of things nothing is going to stop her. Angela has been dancing since the age of three. Obviously, starting at an early age has paid off for her. At Gretchen's School of Dance, Angela teaches four dance classes. She is a member of The Fresno Jazz Company. Worthy Advisor in The Rainbow Girls, a Hi-Debs model, and she is involved in Junior Horizons. The Girls Block M. Spirit Club, and being a Madera High School Pep Girl are some of the school activities that Angela is involved in. Seeing everything that Angela does, it is a wonder that she does it all so well.

As a top swimmer, breaking records has become a day to day routine with John Overstreet. John is a member of the Madera High Waterpolo and Swim teams, where he shows an outstanding record gaining Varsity, League, and Valley recognition. John has also been a member of the Clovis Swim Club for the past two years and already has the respect of his coach and fellow competitors with superb swimming skills. With the Club, John swims all events well, but excels in the 400 meter freestyle relay, 100 meter and 200 meter butterfly. When he went with his team to Mexico, he assisted his relay team in breaking the age group record in that sport. He also attends meets in Texas and hopes to participate with the Club at a swim meet in Hawaii for the Zone D Championships. His ultimate goal is to compete in the Olympics on the United States Olympic Team.

Seanna McCracken's a sophomore at Madera High, singing talent has won her the title of the World Ideal Miss.

She has performed at numerous places such as, fairs, pageants, and other talent contests. She has recorded two songs on a recent album and appeared on the U.C.P. Telethon on ABC.

Her parents recognized her singing abilities during dinner parties and sent her through voice lessons after the eighth grade. Seanna stated, "My parents are behind me 100%, but are not pushy which helps a lot."

Seanna's main dream is to appear on Broadway. Let's hope this talented young lady makes it!

Sean Foley, a Madera High sophomore, became one of the youngest riders in the Sequoia Junior Cowboys Association after watching his father and brother ride in rodeos.

Sean began riding bulls at the age of thirteen facing tough competition and finding help from fellow riders. "They care," he said, "they'll do anything to make sure no one gets hurt."

This young rider plans to continue riding through college and may go professional one day.

Sean says that he is fascinated by competitive rodeo riding that he has seen on television and at some of the more important contests in the San Francisco and Los Angeles areas. Every opportunity that he gets, he enters junior rodeos in the pursuit of buckles, trophies, and, he hopes someday, money.

FOREIGN EXCHANGE

Our school was honored this year with three foreign exchange students; Miguel Mata from Santiago Chile; Mung Kwa Wong and Sam Kwa Wong from Hong Kong, China.

Miguel Mata was here as a senior and is 17 years old. Miguel will be here in the United States until July when he will be returning to Chile. He is presently staying with his host family Ephraim and Laura Hadijs. His host family has taken him to see such California sights as Yosemite and plans on taking him to Disneyland. He has done some sight-seeing already on his flight to Madera. From Santiago he went to Lima, Peru then to Miami, Florida. From Miami, he went to New York, New York then to San Francisco, Calif. where he spent five days touring that famous city. He then took a bus from San Jose to Madera where he met his host family. He commented that he was frightened when he first arrived in the States because he didn't know English well and consequently didn't understand anything

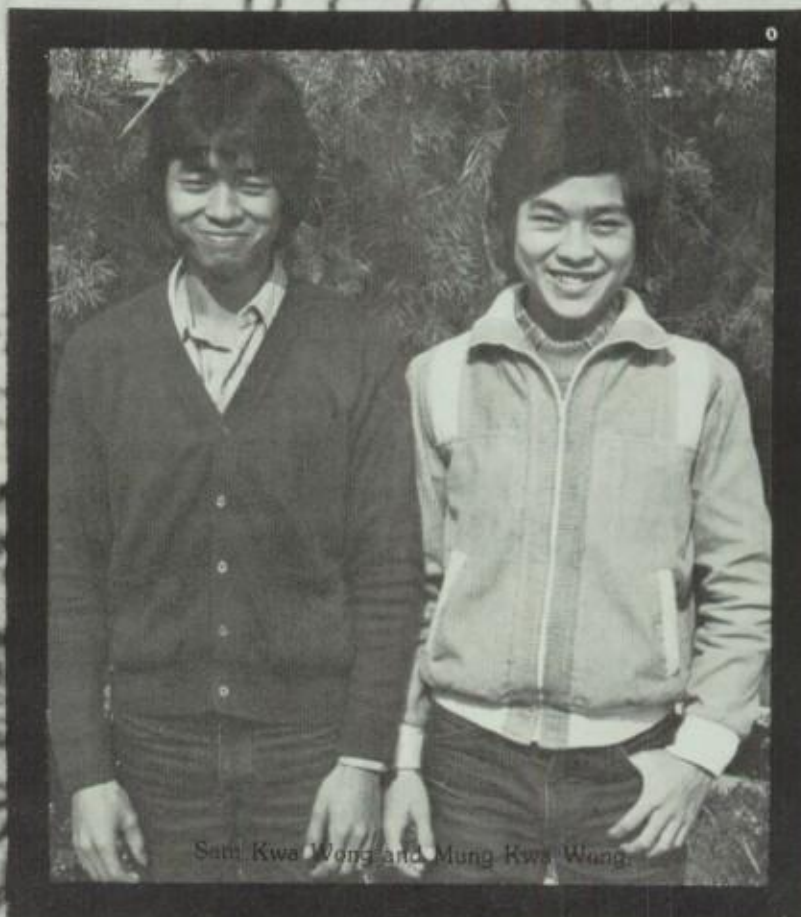

that was going on. Miguel said he had a card that said he was a foreign exchange student which meant he couldn't speak English. It also gave his name and a number in case he got lost. He is now learning the language quite well. He has enjoyed the experience quite well.

When asked what the similarities were between Chile and the United States, Miguel stated that everything was pretty much the same. The schools here are just as challenging as in Chile. He attended the same number of hours here. The big difference was that he carried on a regular schedule of 6 classes a day on a regular schedule as we do. The only difference was that there

was no public transportation system in Santiago which could take him anywhere in town he wanted to go while here a car must be taken everywhere. As a closing comment Miguel stated that "everyone here is so friendly" that he wouldn't hesitate to be a foreign exchange student again.

Also entering Madera High this year were two students from China who moved here from Hong Kong, China with their parents. Unfortunately, these two were not able to speak English, so much exchange of information was not possible. We were able to discover through the assistance of an interpreter that Mung Kwa Wong, a freshman, and his brother Sam Kwa Wong, a sophomore, seem to be enjoying their new home despite the language barrier and their heavy reliance on an interpreter. They both like Math as their favorite subject and Creative Writing as their least favorite subject. They are looking forward to their stay at Madera High.

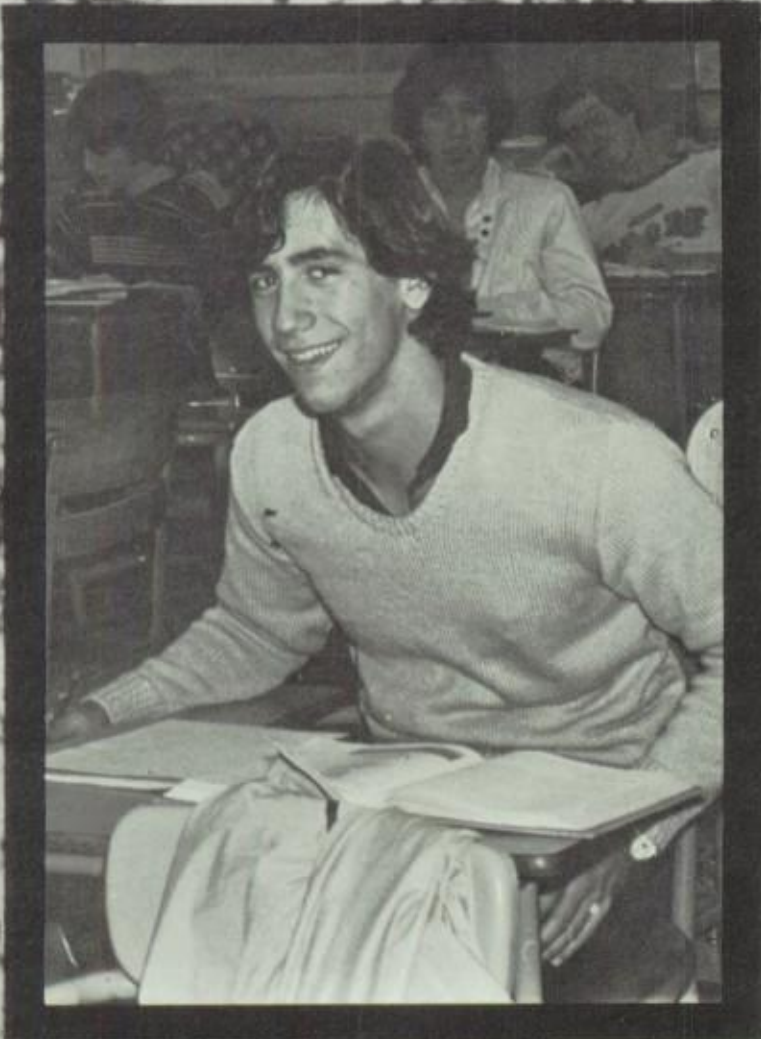

With the addition of these students to the Madera High student body, M.H.S. is beginning to take on a cosmopolitan appearance.

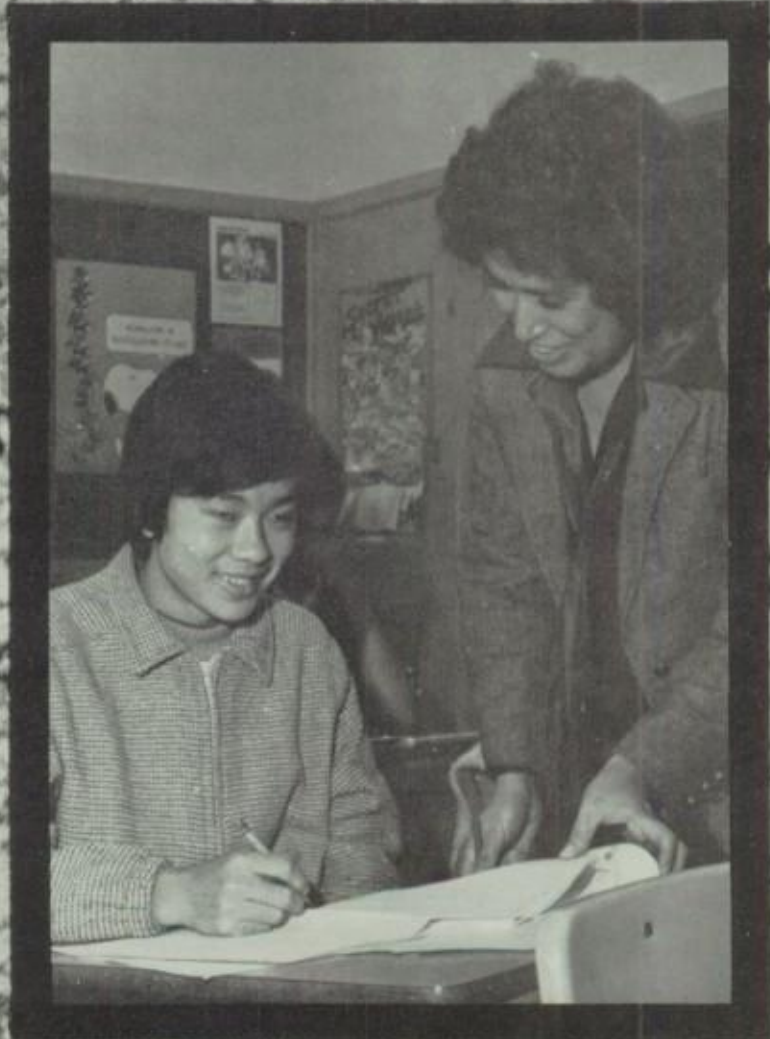

Sam Kwa Wong and Mung Kwa Wong

and was confused. Miguel stated that the United States thus far is not as different as he thought it would be. When asked what the similarities and dissimilarities were between the United States and Chile, Miguel stated that everything was pretty much the same. The schools here are just as challenging as in Chile. He attended the same number of hours here. The big difference was that he carried on a regular schedule of 6 classes a day on a regular schedule as we do. The only difference was that there was no public transportation system in Santiago which could take him anywhere in town he wanted to go while here a car must be taken everywhere. As a closing comment Miguel stated that "everyone here is so friendly" that he wouldn't hesitate to be a foreign exchange student again.

The dream of becoming a professional model became a reality for 14 year-old Lisa Jantzen. Lisa Jantzen, a Barbazon graduate, has been modeling professionally for 5 months.

Lisa received her formal training at the Barbazon School of Modeling in Fresno. This included a 4 month long training session with 20 different sessions of modeling costing approximately \$600. There, Lisa increased her levels of self confidence and poise. She also learned how to apply make-up, color coordinate her wardrobe and how to walk and turn like a model should. After 4 months of hard work and determination, Lisa Jantzen became a graduate of Barbazon. She received a portfolio of pictures of her modeling, as do all graduates, which is used as reference for modeling jobs in the future.

The fear of modeling in front of people was what Lisa had to overcome and did. Although scared to death the first time she modeled, Lisa overcame this fear, and now she shows a lot of self-confidence while modeling. Lisa has modeled for churches, women's clubs, 7th and 8th grade girls. Although it is a lot of hard work, Lisa enjoys it all.

Being the youngest of 5 children, Lisa wants to be someone with her own identity and not just someone's little sister. At first, Lisa's parents were not sure of her becoming a model, but now they like the idea and are very supportive.

Lisa likes being different from other people and independent. She is also a sports fan, with softball her favorite sport. Her dream in life is to live in Hawaii and be a successful model. With determination on her side, Lisa Jantzen is on her way.

"BIRDMAN STALKS CAMPUS"

Madera High has its own version of "Birdman." No it's not Mr. Crow, it is David Schmall. David and his family raise various species of exotic birds at their home. This is a rather unique hobby, but proves to be most fascinating to the Schmalls.

Although David is only 14 years old, he is no stranger to his feathered friends. Raising birds has been a life long hobby for David. It has been 4 years since David and his family have turned this hobby into a profitable business. David sells baby chicks and he also has a hatchery for eggs, which keeps the business going.

Rhode Island Chickens, Pheasants, Parakeets, Swans and Peacocks are just a few of the many different species the Schmalls raise. The birds are kept in cages built to their size and quantities. The Schmalls allow interested people tour their bird farm, with 4-H clubs being the major tourists.

David's knowledge about birds is abundant. He has gotten attached to several of the birds. His favorite birds are the small chicks and peacocks, while the bird he dislikes the most is the pheasant, because it is always attacking him.

One of the highest achievements in the Boy Scouts was awarded to 5 members of the Morman Church of Latter Day Saints, Troop 131. After working extremely hard for several months, 5 young men earned the title of Eagle Scout. These Eagle Scouts are: Dennis Christiansen, Jeff Hibdon, A.J. Hill, Ronnie Hill, and James Hyde.

Becoming an Eagle Scout is not something one can achieve overnight. It takes dedication along with an extreme amount of hard work from each scout. The requirements of becoming an Eagle Scout are: First one needs to earn 21 merit badges and then earn 11 more merit badges after the first 21 badges. One must also do some sort of Eagle project and complete an application along with an interview.

All of these scouts have completed the necessary requirements to become an Eagle Scout. Completing an Eagle project was also done by all these scouts. The projects performed were designed to benefit the community in some way. For example, Ronnie Hill built shelves for the Senior Citizen library and James Hyde conducted a blood drive. These projects took a lot of time and organization from each scout.

Being an Eagle Scout is a dignified title one lives with forever. "Being an Eagle Scout means a lot to me," stresses A.J. Hill. Showing leadership towards fellow scouts is what being an Eagle Scout is all about.

FACULTY

IN MEMORY OF
MILLARD HENDERSON
STUDENT ACTIVITIES
DIRECTOR
1948-1982

Millard was a person who treated everyone with dignity, courtesy, kindness, and with firmness when needed. He always lived by example, never losing sight of the Golden Rule. He will be remembered in many ways, but most of all, for his love and understanding of the students with whom he was associated.

Perry Harper

Mr. Millard Henderson affected my life in many special ways as well as many others. If it was not for him giving me confidence, I probably would not have run for the position at Madera High as Student Body President. He loved to work with the students here; and it showed in his enthusiasm, understanding, and most of all his determination to make our years at Madera High the best ever.

Kathy Sullivan

Millard Henderson was definitely a superior person and his loss will leave a vacancy which will be most difficult to fill. Mr. Henderson distinguished himself in many ways. He was a dedicated person and had a clear conception of his goals. He took great pride in his work and his diligence and tenacity were factors leading to his success. He also possessed a most pleasing and warm personality which enabled him to develop strong relationships with both students and adults.

Robert Warner

Millard Henderson will be remembered as a loyal friend, an exceptional gentleman, and a diligent worker. His efforts to provide quality education and beneficial activities for the students of Madera High cannot be surpassed. He was a devoted family man, an excellent teacher and an inspirational coach. He had many friends and he was respected by his colleagues. He was a good and honest man. We, who were his friends, students, and fellow workers, will always remember him.

Mr. Jay Yake has attended three different colleges to gain his degrees in teaching. He attended Cal Poly, Fresno Pacific, and Fresno State. He graduated from Fresno State. With that graduation he received minors in Biology and Economics and majors in Math and P.E.

He has lived in Madera for three years but only started working for Madera High this year. He teaches a math class and also coaches the Freshman Tennis team. He may also coach the Junior Varsity Tennis team. He coached Varsity tennis at Firebaugh, his previous teaching position.

Mr. Yake and his wife have been married for 13 years as well. She is also a teacher at Millview Elementary School. Since their vacations coincide, they have pleasant summers together. Mr. and Mrs. Yake both love to play tennis, golf, as well as like to water ski and snow ski.

DELORES OLMOS

Miss Delores Olmos has been teaching for six years in Madera. She worked for the Human Relations department for one year prior to teaching.

When she was young, she had no intention of becoming a teacher, but she knew that she wanted to work with foreign languages. She is teaching presently to attain her goal of being a counselor. Miss Olmos is known by her students to be very opinionated and to voice what she believes.

She graduated from San Diego State University with the realization that her biggest asset in college wasn't necessarily the degree, but that there's a whole world out there. That's one reason why she likes travel so much.

Miss Olmos has been throughout the U.S. and Mexico and has been to several parts of Canada.

She likes reading, and enjoys Pre-Colombian history, but in her eyes, nothing beats black jelly beans.

Miss Olmos would like to get married and share her life with someone in the future because she believes that that's what life is all about—sharing and honesty.

She likes Madera High and thinks it has a lot of potential, yet she believes that instead of striving for the best, the school seems to settle for the minimum. Miss Olmos also believes that things could be better if students grew up with the same philosophy that she did — that education is a privilege, not a right.

Besides enjoying bike riding, swimming, and sewing, she also finds archaeology interesting. She has been on several digs on Santa Clara Island in search of prehistoric people who had lived there hundreds of years ago. Miss Walsh has also been on other expeditions in Boston, Arizona, and Nevada.

She lives in Fresno, but enjoys travel. During past summers, she has gone to Hawaii and to Europe six times as well as through the United States.

STEVE ZUPANOVICH

"With young people concerned with the world, it's bound to get better."

Mr. Steve Zupanovich, or more commonly known as "Mr. Z" has been teaching for 22 years. He previously has taught at Hamilton City High and Kerman Junior High but has been at Madera High for the last 15 years and according to him he's going to stay here "until they throw me out." He says he likes the kids, teachers and the administration.

When he was young he wanted to be a world famous sea captain, but he gets violently seasick. He said "Even if I get in a bath tub full of water, I'll throw up." So he decided to teach because he thought it would be fun. He attended West Hills Junior College in Coalinga and University of California at Chico. In 1955 Mr. Zupanovich married his wife Kay, and has two daughters, Dana and Stephanie.

Mr. Z has vast interest in the world and in world affairs. He has traveled around the world twice, and has studied Balkan History in Yugoslavia. His goal in life is to meet, talk and be friends with everyone in the world. He is also the advisor for Madera High's Model United Nations. This club is fun but most importantly it is a learning tool which deals with current world problems and solving them. Mr. Zupanovich feels that with young people concerned with the world and what's going on "the world's bound to get better!"

ALLEN SHINE

If an award were given for humor and wit in the classroom, it would probably go to Mr. Allen Shine. Madera High's funnyman of the Science Department has been teaching here for eleven years. His love for the Sierras and the fact that young teachers jumped at the first opportunity that was offered to them were why the San Diego State graduate first moved to Madera.

You might say that Mr. Shine is addicted to the learning process, and he wishes that Madera High would put more emphasis on academics rather than on sports and agriculture.

In his high school days, he didn't have a career choice because, as he recalls, "I liked to dream about women."

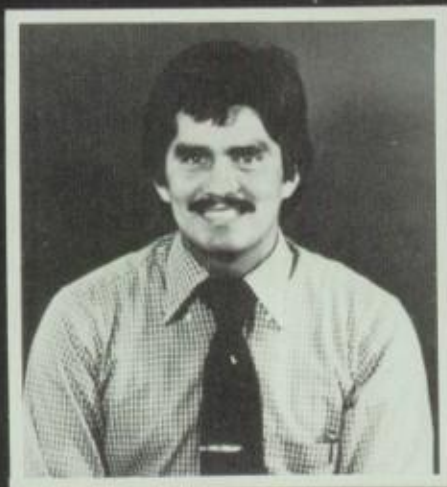

Once out of high school, Mr. Shine wanted to be an M.D., but soon found his limitations and turned to biology as his center of his concentration.

Mr. Shine's life, however, is not based entirely around teaching. His love for the outdoors has led him through many different adventures, from downhill skiing to rock climbing. When he needs a rest from nature, he finds relaxation in ballistics, cabinet making, and his latest hobby, photography.

Traveling is also something that he enjoys. He has done extensive travel over the U.S., but fancies the Orient after having lived in Hokkaido for a year.

Mr. Shine shares adventures with his wife. The fact that she is also a teacher allows them a lot of time together to do the things they both enjoy.

Mr. Shine feels that he is living out his goals in life and plans on continuing to do so in the future.

To Juan
o crazy guy
I met you
you had Rachel
Myo
have Mari
Martinez

- Juan -

Is a very sweet
young man, Good luck in everything
you do, - have fun in the sun

Love
Kareem

- Juan -
you are really a
mexican
I don't
glad I
got to
know you
Good Luck
in every
thing. See
ya next
year.

Quan

Is a very sweet person
that I got to know in
5th English. It was
really fun getting to know you
this year and hopefully will
have another class again next
year. Be good & have a nice & hot
summer. See you! God Bless you!

Always,
Nichelle

I hope you
can see
you this
summer.

Love ya,
Kim

Quan,
You are a super sweet & nice looking
guy! I hope we can always be
friends. Hopefully will get a
class at 2 with each other
next year. Well, have a nice
summer, hope to see ya!!
Love ya,
Kim

I met
a guy at school
last year. At the
end of the year
we were friends
but then
we got carried
away. We are acting
like we never
separated. Thanks to Mr.
Gaston & friends. Have
a good summer!

Quan
I hope you
can see
you this
summer.
